TO: File

RE: Notices of Claim #27-11245, 27-11261, 27-11262, 27-11988, 27-11989, 27-12117, 27-12119, 27-12120, 27-12122, 27-12123, 27-12124, 27-12125 and 27-12126 and Water Rights 27-4016, 27-11263 and 27-4417

In response to my address change letter of 3/1/06, Cameron Williams, the new Secretary of Chesterfield Land & Livestock, asked us to use two contact addresses—one for him in Grace, Idaho, and the other for Layne Hamilton, former Board member, in Blackfoot, Idaho.

I called Cameron this afternoon and discussed this. It was decided to have only Cameron as the contact. I then called Layne Hamilton and relayed my phone conversation with Cameron. Layne wants everything to go to Cameron since he is the official Secretary.

I told Layne I'd mail him a copy of the address change letter and Cameron's notes, and will e-mail them to Cameron since he didn't keep a copy.

Cameron asked if he'd have to sign something again and I told him, "no", I'd just change the record as they requested.

Chesterfield Land & Livestock Association is how they are registered with the Secretary of State. I've modified the records as above.

The irrigated land looks like it is north of the creek. Suggest you describe the diversion off the main creek on private land, not the intermittent stream to the south. We don't need a written agreement for POD on state lands. A claimant should have a written statement for POU on state land.

hi Ernie,
I've been working on Chesterfield Land & Livestock. The above referenced claim claimed it's pod on state lands. I can't see a ditch there as to why they claimed it on state lands. We can't recommend it on state lands without a written agreement can we? They claim ditches and portable dams for a system, don't see a ditch. Suggestions?

thanks,
Cindy

Notes

1/22/04 Met with Layne on the Warbonnet Creek & Graves Creek rights for Chestfields L&L. Dean Smith is support to get info for 27-11261 & 11262.

- Layne needs to still send me a copy of Chestfields L&L warranty deed.

- This claim needs to be amended to remove the state owned property and possibly split apart for different priority dates.

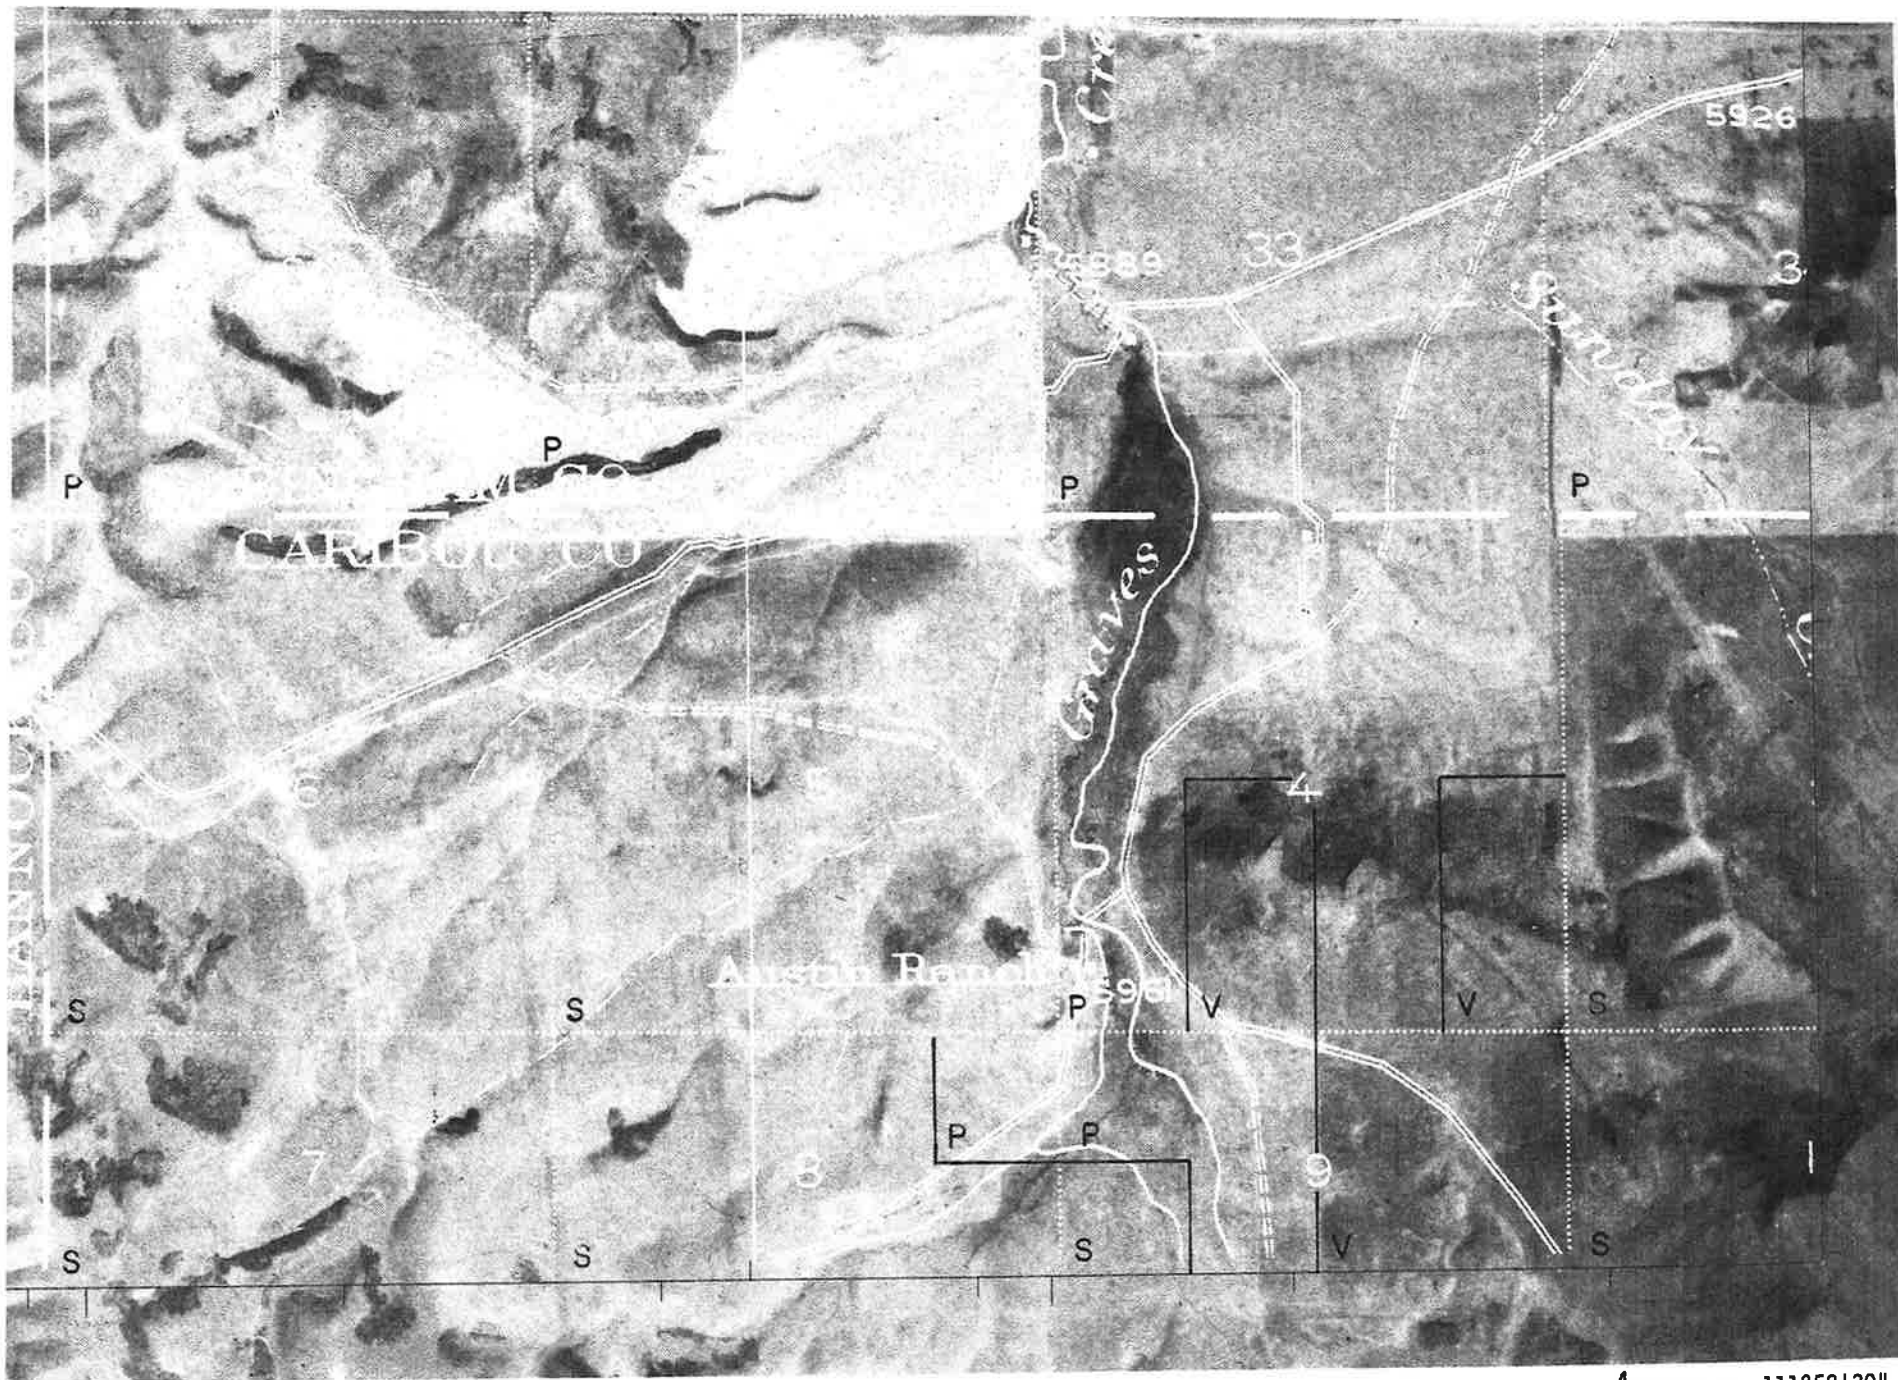

1/23/04 The documents that Layne Provadis doesn't mention Warbonnet Creek.

1/23/04 Evidence provided by Layne Hamilton would support a 7-12-1909 priority from Warbonnet Creek, Amend the claim and remove the state land and edit the priority date.

See file 27-4016 for additional evidence documentation

1-26-04 forced A&V re interruption of posted notice. BP

2/5/04 Candice agrees that documents support a 7-12-1909 priority date. CB.

Re: Evidence of Priority

Claim No.(s) A27-11245, A27-11261 & A27-11262

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by June 26, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird
