RE:	
Request for SF5 Preparation for 27-11898, Collin & Hallie Peterson	

☐ URGENT ☐ FOR REVIEW ☐ PLEASE COMMENT ☐ PLEASE REPLY ☐ PLEASE RECYCLE

NOTES/COMMENTS:

Ernie or Cindy, we would like to request that an SF5 be prepared for the following water right number, 27-11898, Collin & Hallie Yancey to settle the Tribes' objection. We have settled on a volumetric amount, see the following calculation:

$$40 \text{ cow-calf} \times \frac{20 \text{ gallons/day}}{\text{cow-calf}} \times 243 \text{ days} \times \frac{1 \text{ acre-ft}}{325,850 \text{ gallons}} \Rightarrow 5.97 \text{ AFY}$$

The volume indicated above for 27-11898 settles the tribal objection to this water right. Should you have any questions regarding this request, please give me a call at the number above.

NOTE: Please put this SF5 on the fast track, SF5s in the July 1st and Non-irrigation objections have a deadline to file for January 25, 2008. Thanks

You asked if we were waiting on an amended claim from Collin D. Peterson. There is a note in the file that indicates that you apparently sent him an amended claim on 2 September 2003. We have not heard from him as yet.

If there is anything else I can do, please let me know.

Re: Evidence of Priority

Claim No.(s) A27-11898

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by June 30, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird
