SUBJECT: CLAIM ANALYSIS - BASIS OF DISALLOWAL
DATE: 8/9/2006

Statutory claims 63-5129 [source: Boise R] and 63-5130 [source: wastewater] were filed in 1983 by the Parma Irrigation District for irrigation of 623 acres from the Boise R. via a ditch system. I found information on the Parma Ditch Co, Inc on the IDSOS site. Sam Smyser is the registered agent for the Ditch Co. and he filed the statutory claims. It is still a viable non-profit privately owned corporation.

The statutory claims claim an 1878 [year only is claimed] priority date and the SRBA claims claim a priority date of 4/1/1878. The split claims A and C portions have been withdrawn.

The Boise River decree included rights delivered through the Parma Ditch Co. It did not decree the rights to the ditch company but to the individual property owners. The Boise River decree map does not include the Parma Ditch co. ditch system but does indicate that these claims are not in other irrigation district service area. Here is information regarding the decreed rights through the Parma Ditch Co.

* claimed Boise R as source

The claimed places of use are not in any irrigation district or canal company service areas. There was no response to requests for evidence of priority sent to the all 63-5129 and 63-5130 claimants. None of the mailed requests were returned as undeliverable.

I am disallowing all of the 63-5129 and 63-5130 claims because all of the claims date back into the Boise River decree which decreed all claims to water delivered through the Parma Ditch Co. If I hear from them and the claimants provide additional information regarding these claims, I will suggest the following:

1 – advance the priority date to 2/15/1929, which is the day after the decree, if they can provide evidence of priority, or to 3/1/1939. the 1939 aerial clearly shows the Parma Ditch Co. ditches. Additionally, I have the IDSOS that states the ditch company was incorporated in 1915.

2 – Analyze the acres and quantity. Advise that all rights combined will not exceed .02 cfs/acre so that if the decreed Q is for .02 cfs / acre, then all rights combined are not to exceed .02 cfs/acre.

Note re 63-5129D and 63-5130D: Claimant is Tredway. Total claims from the 4 claims, the statutory plus 63-271A and 63-272, is 9.88 cfs for 120 acres. $120 \times .02 \text{ cfs} = 2.4 \text{ cfs}$
