MEMO TO FILE

TO: A63-00276A,B & C
FR: RON HOWERTON
DT: June 7, 1995
RE: NUMBER CHANGE A63-00276B to A63-00276A

1. Claim A63-00276B was given a "B" split suffix prior to an ownership change received August 17, 1993 to Crawford.
2. A transfer was filed (# 4215) by Schroder on 63-00276 and approved January 18, 1994, splitting the water right into A, B & C by allocations.
3. The water allocation staff assigned new split suffixes for this right without regard to adjudication's split "B".
4. This number change is to match up the assigned adjudication split suffix "B" to the water allocation assigned suffix "A".
5. The Crawford Claim (now suffix "A") remains unchanged by the transfer because allocations appeared to view this "A" part as getting the remainder not covered by the B & C suffixes.
6. Transfer 4215 amends the ownership change for the "B" & "C" suffixes. But not for Crawford's Claim. *** However, we should note that the field exam that determined the acre totals, showed that Crawford's acres were 4, not the 5 as claimed.
7. Additional review will later be needed by the adjudication staff to determine the recommendation for the "C" claim and double check the "A" & "B" splits.
8. Also, note that the Crawford claim names the source as Kallarney Slough and the allocation transfer field exam clarified that this was a local name and the correct source is Boise River tributary to the Snake River.***

*** See the copy of the field exam information included in the Crawford's file.
