RE: Notice of Change of Water Right Ownership (NCO) for 27-50 & 27-I2006 and Notice of Completed Administrative Proceeding (NCAP)

Dear Sir/Madam:

The Idaho Department of Water Resources (IDWR) acknowledges receipt of an NCO changing the right holder for the above referenced water right(s). Based on this NCO, IDWR water right records for the Snake River Basin Adjudication (SRBA) have been updated.

Furthermore, as directed by the SRBA Court, this office mailed a copy of the updated water right record(s) to each party listed on the enclosed NCAP. The intent of this mailing is to ensure each party has a current record of water right(s) as recorded in the SRBA.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact me if you have any questions concerning this matter.

Respectfully,

Jonie Barg

RE: Notice of Change in Name of Entity from Natural Guardian Limited Partnership to Natural Guardian, LLC.

Dear Jonie:

Enclosed is a filed *Statement of Conversion* filed pursuant to Idaho Code § 30-18-405 where, pursuant to Idaho law, Natural Guardian Limited Partnership was converted into different business entity (a limited liability company), now known as Natural Guardian, LLC.

The conversion of an entity to another type of entity is governed by the Idaho Entity Transactions Act (found at Idaho Code §30-18-401 to -406), which sets forth a process to perform the conversion. With regards to property that is titled in the name of the former entity, there is no requirement to file and record new deeds for the converted entity, as set forth in Idaho Code § 30-18-406 (a copy of this entire statute is enclosed):

(b) All property of the converting entity continues to be vested in the converted entity without transfer, conveyance, assignment, reversion or impairment.

In other words, when a business entity type is changed, there is no need to prepare and record new deeds, because the *Statement of Conversion* functions as the document that substitutes in the new entity.

I have reviewed the *Notice of Change of Water Right Ownership* form and its instructions, and it does not appear to address this specific situation. The instructions state the following:

A notice is required for changes in ownership from one individual to another, from an individual to a business entity (even if the business is owned by the individual), or from one business entity to another (even if both businesses are owned by the same individual). Adding or removing a name is considered an ownership change which requires the submission of evidence to support the

change and the filing fee.

What happened with Natural Guardian is not a conveyance from one individual to another, nor is it a conveyance from an individual to a business entity, and it is not a conveyance from one business entity to another. It is the same entity, only that the entity has now been converted to another type.

It seems to me that the major document needed for a *Notice of Change of Water Right Ownership* is a new deed. Since no new deed is required to update the record title of lands currently titled in the name of Natural Guardian Limited Partnership, it does not appear that this is the appropriate form for processing a change in the name of a converted business entity on the Department's water right records.

However, I have reviewed the *Notice of Change of Address* form promulgated by the Department to change the address of a water right holder, and it appears that the business entity conversion is more like a change in address where title to the property and underlying water rights have not changed, and only an update to the contact information needs to occur. Accordingly, we have submitted the enclosed completed *Notice of Change of Address* which does not require a filing fee.

We have included a water right listing after querying IDWR's website for Natural Guardian Limited Partnership water rights. As you can see, there are approximately 120 water rights, and we request that the name be amended from Natural Guardian Limited Partnership to Natural Guardian, LLC. We should let you know Natural Guardian, LLC has recently sold a farm in Basin 34 (Lost River Valley), and the new owners should shortly be filing a *Notice of Change of Water Right Ownership* for the water rights in Basin 34, but for now the name should be updated on these water rights as well.

If you have any questions or concerns, please let me know. We appreciate your attention to this matter.

Best Regards,

Robert L. Harris

Dear Skip:

With respect to water rights numbers 27-16 and 27-29E, we have been able to obtain an Affidavit from Harrison Cox. He also brought us a copy of the water deed which was recorded in 1989 and which contains some confirming language in the first paragraph on page 2, saying that Coxes had used the water for many years prior to recording of the deed.

I am still working on trying to get some kind of information including an affidavit on the small water right for the spring near the house.

Yours very truly,

Kent W. Foster

**AFFIDAVIT OF
W. HARRISON COX**

STATE OF IDAHO)
)ss.
County of Bonneville)

W. Harrison Cox, of 670 Holley, Shelley, Idaho 83274, being first duly sworn, on his oath deposes and says:

1. Affiant is a resident of Bingham County, Idaho, and has personal knowledge of the facts set forth herein.

2. Affiant and members of affiant's family, doing business as Cox Enterprises, owned and operated farm land on and near Wolverine Creek in Sections 9 and 17 of Township 2 South, Range 38 E.B.M. for many years prior to 1993 when such lands were sold to Natural Guardian Limited Partnership.

3. From the time affiant and his family began operating such land, it was short of adequate water supplies in most years. In discussions with the then watermaster for the Blackfoot River and tributaries, Mr. Ed Hall, Mr. Hall became aware of the Cox's need and desire for additional water for such lands. Approximately 1980 or before, Mr. Hall advised the Coxes that one Vern Taylor had some good water rights that he was willing to sell and that could be used on the Cox lands. Affiant contacted Mr. Taylor and worked out an arrangement for a lease/purchase of water rights numbers 27-16 and 27-29E, and, with the knowledge and assistance of said watermaster, Ed Hall, began using the water on the lands near Wolverine Creek in said Sections 9 and 17 about 1980 or before.

4. Affiant and his family members, doing business as Cox Enterprises, paid lease payments to the Taylors for the referenced water rights, which were credited to the purchase price, for several years while using the water. In late 1988 or early 1989, the Coxes finished paying the balance and a Deed to such rights was delivered to them and recorded January 2, 1989. A copy of said Deed is attached hereto and by this reference made a part hereof.

5. From the time of the making of the lease/purchase agreement with Taylors in 1980 or before, the entire amount authorized for use under both water rights was used for irrigation of the farm lands in Sections 9 and 17 each year until the farm land was sold to Natural Guardian Limited Partnership in 1993.

9/19/03. Cox Enterprise claimed a different source, then the decreed source. No transfer was filed that changed the source or POD.

Please find out when the POD was changed. because changing the source would cause injury to other Wolverine decreed rights. There priority dates would be junior to this right.

9/22/03 Ownership Change from Cox Enterprise to Natural Guardian LTD partnerships.

1/ Right was moved in "1980's" prior to 1987. P.O.U. may need to be changed.

Cindy,

I review the file. But a short answer is yes, we can subordinate this water right to others on Wolverine Creek to avoid injury. Unless the Blackfoot water rights are upstream from the confluence of Wolverine Creek and the Blackfoot River, couldn't these water rights on Blackfoot make calls on the junior water rights on Wolverine Creek anyway?

Cox Enterprise (previous owners) filed transfer 2445 in May 1980 moving the POD, source and POU from the Blackfoot River to Wolverine Creek and the transfer was approved in October of 1980.

SRBA claims 27-29E and 27-16 were both decreed to the Blackfoot River but they claimed Wolverine Creek in the SRBA. I don't have a copy of any transfer that was filed to change the POD and source on these claims. Vicky you might verify that in the water right file. They sent in an affidavit from W. Harrison Cox that states "they leased/purchased this water from Mr. Taylor and with Ed Hall's (water master at the time) assistance and knowledge they moved these two rights to Wolverine Creek about 1980 or before."

Does it make sense to you that they would file a transfer in 1980 for 27-4L changing the POD, POU and source but didn't file on 27-29E or 27-16? According to the affidavit they finishing paying for the rights in 1988 or early 1989.

The problem is the priority date: 27-16 is senior to all of the decreed rights on Wolverine Creek and 27-29E is senior to about 1/2 of the decreed rights. Could the priority date be move to a junior date? Or just add a remark/condition stating that it would be junior to all other rights on Wolverine Creek?

Cindy,

I've finally looked at these transfer files.

- 1) I don't see a transfer on 16 or 29E that moves the p/d from Blackfoot to Wolverine although there are several transfers that change p/d but down river. However if there is evidence that the change took place prior to 1987 (as stated by Mr. Cox) the accomplished transfer statute would apply so long as the change doesn't cause injury.
- 2) Because there's a transfer approving a change in 27-4L which apparently is used with this water, I would think it was possible an accomplished transfer could have occurred. Note the condition on the transfer for 27-4L that says "The change in point of diversion identified by this transfer shall not be allowed to injure any existing water users on Wolverine Creek or Blackfoot River." We could use language to prevent injury if we approve an accomplished change on 29E and 16. I will defer to Ernie on language -- something to the effect that water is only available at Wolverine Creek p/d when it would have been available at the original p/d -- OR, we can make the priority date subordinate to those on Wolverine Creek in times of shortage. I'm just not sure what would be required to mitigate for injury if we change the source and p/d for all the water rights.
- 3) I think we confirm how they are currently using the water, is there evidence the current use occurred prior to 1987 and if so can we apply the accomplish transfer with some mitigating language to prevent injury?

Notes

5/12/04 Transfer changing source? No. Only an affidavit from W. Harrison Cox that they moved it "about 1980 or before".

- emailed carduc about the priority date because it is earlier than all other rights on Wolverine csk.

In 1980 they filed Transfer 2445 on 27-46 changing pod, pos and source to Wolverine csk.

Claim needs to be renumbered. There are other 27-16 claims. 5/12/04 renumbered to 27-12006. CB.

Application for Transfer of Water Right.

State of Idaho,

} ss.

County of _____

Pater G. Johnston

, being first duly sworn, deposes and says:

That his name is Pater G. Johnston; that he is of lawful age, a citizen of the United States and of the State of Idaho, and that his postoffice address is Blackfoot, Idaho

That he is the owner and using a certain water right of _____ of the waters of Blackfoot River

County of Bingham, State of Idaho, decreed to Leon Misslen by decree of Judge Charles Cobb, of the fifth Judicial District of the State of Idaho, in and for the County of _____

Bingham, in the case of F.S. Stephens vs. Eastern Idaho Irrigation Co, said decree bearing date of March 1st 1895

1895 (or obtained by virtue of License No. _____, issued by the State Engineer of the State of Idaho, dated _____), for the purpose of irrigating the

following described lands situate, lying and being in the County of Bingham and State of Idaho, to wit: S 1/2 S E 1/4 Sec 24 T2N R2E B.M.

_____ and is the person (or the representative of the corporation) to whom such right so issued, or has become the owner thereof in the following manner, i. e. by deed from E.M. Kennedy, grantee of said Leon Misslen

as per abstract of title of said water right hereto attached and made a part of this statement;

That said waters are now diverted from said stream at a point in the SE 1/4 Sec. 24, T 2 S. R. 36 E. B.M.

and conducted to the above described lands through the ditch of Leon Misslen as per map hereto attached and of this affidavit made a part;

That affiant and petitioner desires to abandon the use of fifty miners' inches of said water upon the above described land, and to convey and use same upon the following tract, situate, lying and being in the County of Bingham and State of Idaho, to

wit: Fifty acres situate in the N 1/2 S W 1/4 and S 1/2 NW 1/4 Sec 10, 38, 35 E B.M.

That his reasons for desiring to make such transfer are as follows: That for a valuable consideration he has purchased the right to use said fifty inches of water, that the land last above described will be greatly enhanced in value by the use of said water and that there is no other water right appurtenant to said land

That he intends to divert and convey said fifty miners' inches of water to the tract of land last above described in the following manner, to wit: through two ~~small~~ ditches heading in NE 1/4 NE 1/4 Sec. 14, T.3S.R. 35 E.B.M.

as set forth upon the map hereto attached; and

That no one will be injured by such transfer.

WHEREFORE, Affiant and Petitioner prays that the State Engineer of the State of Idaho issue to him the proper certificate authorizing such transfer, and give proper notice of the same to the Water Commissioner of this Division, in accordance with the provisions of Section 11, House Bill No. 146, of the Laws of the Seventh Session of the Legislature of the State of Idaho.
