Notes

6/10/04 This right needs to be split. Ruston Allen purchased the land in S $\frac{1}{2}$ s of Sec 24, Sec 35 and Sec 2 in T8S, R43E. CB.

7/1/04 Recommend for Roland Allen I+L, instream stock only, split from 27-4156. No irrigation found under that right. That is being disallowed. CB.

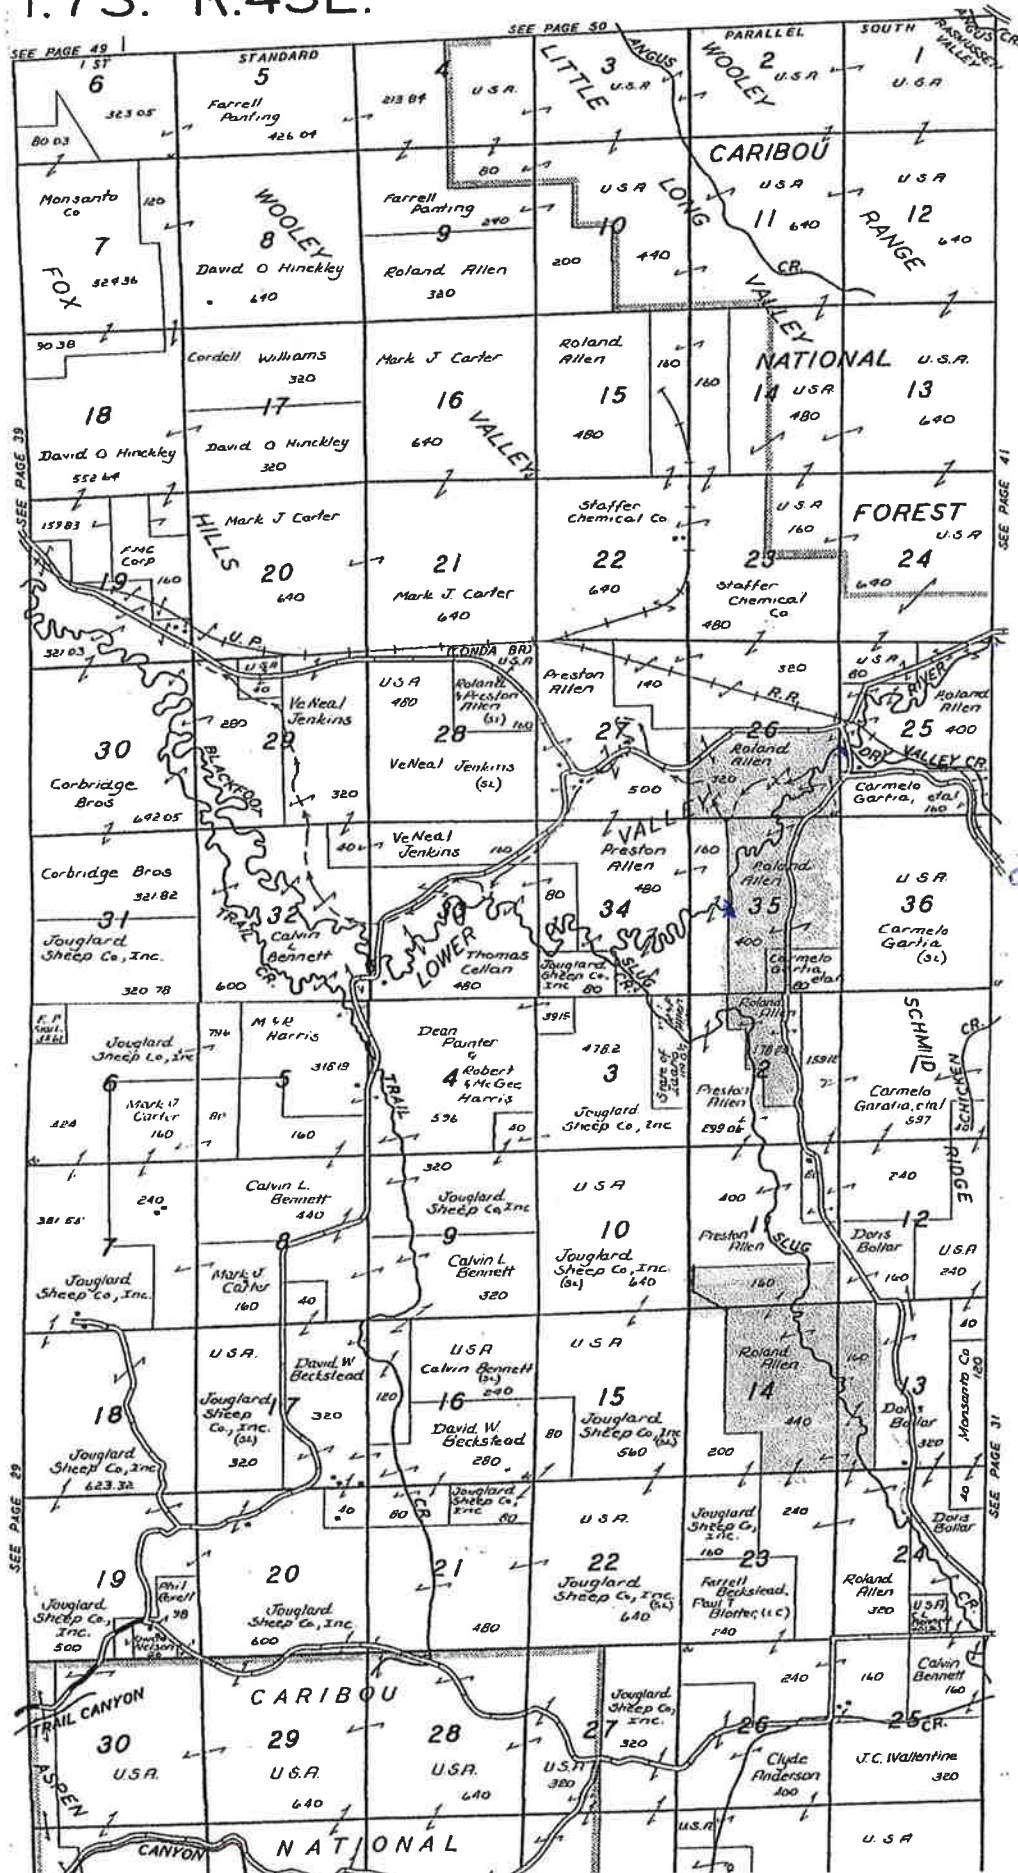

11/15/05 Keith Hunsaker called because the Director's report was filed as Roland Allen.

P/u file from Dave Grindle.

11/16/05 Sent Don Staff an email explaining that the file shows no indication that this should be different.

A query search ~~and~~ shows the claim & recommendation in Roland Allen?

Notes

3/12/04 Keith & Carol Hungeraker came in to discuss the rights. Original Statutory claim was filed for irrigation only, with 1931 priority date. When did it change? Need evidence of priority. CB

3/19/04 Verify address with Keith Hungeraker & he's going to look for evidence of the priority for stock.

The statutory claim was filed overlapping the decreed rights. This right has always been used for stock but wasn't filed on before CB

6/10/04 Claim was amended in 1995 for stockwater only. Irrigation wasn't claimed as originally filed for under the statutory claim.

Dave Carlson amended the claim

Kent Allen was in my office going over water rights because they purchased this place from Roland Allen. Her Preston Allen LLC now owns the same of the property under this right.

Memo to File: 27-4157

I researched the Water Master Reports from 1975 through 1987. The attached report is a sample of what I found. I looked for all Allen users and the users of Slug Creek. There was only one user for Slug Creek. I found four individuals:

Don Allen listed under Meadow Creek. #27-73, 2132

Preston Allen listed under Blackfoot River (above reservoir) 27-42, 43, 62, 63, 66, 70

Roland Allen listed under Blackfoot River (above reservoir) 27-60, 61, 65, 66, 67, 68, 69.

E. S. Stucki listed under Slug Creek 27-3.

The list of water used within a 24 hour period, in second feet is as follows:

Re: Evidence of Priority

Claim No.(s) A27-04156 & A27-04157

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by May 23, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.
