Win Templeton

CONSULTING ENGINEER

DOOLY BUILDING
109 WEST SECOND SOUTH
SALT LAKE CITY 1, UTAH
TELEPHONE 9-5376

June 27, 1948.

Mr. A. L. Everson
City Clerk,
Shelley, Idaho.

Dear Mr. Everson:

Enclosed herewith are plans, specifications and list of material required for installation of a booster pump in your distribution system. Also a ~~hand~~ pamphlet dealing with tank repairs.

The pump specified will give you an operating pressure of 45 to 50 pounds which I believe will greatly improve the distribution of water with out to much danger of over taxing the old water mains.

The Fairbanks-Morse Pump, Model # 5811; size five; 8" impeller # D5C1B will meet these specifications.

The dealers inform me that the equipment and material for this installation can be delivered in 30 to 40 days.

I plan on coming to Shelley to run a test on the number two pump as soon as I receive the information on the present pump from Fairbanks-Morse.

Very truly yours,

Win Templeton
