From the Northwest corner of Section 35, said Township and Range, the point of diversion bears South 71 degrees and 10 minutes East, 1748 feet, for the irrigation of land described * * *"

and of such waters, no particular water of any priority date was made appurtenant to any particular described land but that the said waters were to be used upon the above described premises in the following manner:

5 acres in the Northeast quarter of the Southwest quarter; 10 acres in the Northwest quarter of the Southeast quarter, 5 acres in Lot 3; 2 acres in the Southeast quarter of the Southwest quarter; 30 acres in the Southwest quarter of the Southeast quarter; 38 acres in Lot 4, all in Section 25, Township 6 South, Range 38 East; 33.4 acres in Lot 1; 33.4 acres in Lot 2; Section 36, Township 6 South, Range 38 East; 40 acres in Lot 2; 55.44 acres in the North half of the Northwest quarter, Section 31, Township 6 South, Range 39 East

That your applicant herein succeeded to the rights of the said A. J. Knollin, the same known as "Right No. 92" in the said decree, aforementioned, and now desires to have certain of the said waters so decreed to the said lands made appurtenant to certain particular lands, in this, to-wit:

50.76 "	of water right of June 1, 1910

such lands having enough irrigable acreage thereon to utilize the water so sought to be transferred, thereby leaving as appurtenant to the remaining tract of land the following described water rights:

25.24 inches of the right of July 1, 1905
134.10 inches of the water right of July 1, 1908 ✓
3.24 inches of the water right of June 1, 1910

and all of the said waters so sought to be transferred, at certain times, having been used upon the irrigable portions of the said premises to which it is now sought to be made particularly appurtenant;

(3)

That, by the making of such change of the use of said water as hereinbefore petitioned, will not require a new or different point of diversion and that it will permit your said petitioner herein to better utilize the said lands and that no other appropriator of the waters of the said Portneuf River, or its tributaries, will be injured by such transfer, the permission sought being that merely of having waters of the particular priority made appurtenant to particular described lands, all of which such water being a part of the water that was decreed and all of the lands being a part of the lands to which the said water was decreed, so that the said particular lands to which your applicant desires the water made appurtenant will have a saleable and marketable value.

I, F. O. NELSON, Watermaster of the PORTNEUF RIVER, Water District No. 17, County of Bannock, State of Idaho, whose postoffice address is LAVA HOT SPRINGS, IDAHO, have read or heard read the foregoing affidavit and petition of the FIRST TRUST COMPANY OF ST. PAUL, and, of my own knowledge, believe the same to be true as to all matters therein alleged and that no one will be injured by the transfer prayed to be authorized: and I hereby endorse my approval of said petition, and request that the COMMISSIONER of RECLAMATION issue the certificate of transfer as petitioned: or (do not approve of the issuance of the certificate of transfer prayed for) for the following reasons: I do not approve the issuance of this certificate of transfer for the following reasons: since the early decrees have supplied water for the lower lands since the date of their priority. It will injure the lower lands. The uplands to which it is proposed to transfer the water will require much more water per acre, and this will deprive the water of all other users of water from Toponas Creek. F. O. Nelson

Watermaster, District No. 17.
