ROXIE R. HOLSTEN
Narrative by Cindy E. Bird
June 5, 2002

June 4, 2002 I met with Mike Holsten to determine the points of diversion for Pebble Creek. In 1973, Mike & Roxie were married and Mike moved pipe for Roxie's dad and the point of diversion out of the Pebble Creek was in this same location. The pump was different but was located in the same place. In 1975, Roxie's dad was killed by a train on the Pebble crossing so Roxie's mom leased the property out for several years. Mike and Roxie have operated the property for the past 9 years.

Photo 1. 40 hp pump in Pebble Creek

Photo 1 was taken at 3:58 pm while looking south at the point of diversion in the NENE of section 9 out of Pebble Creek. Pictured is the 40 hp Berkeley Vertical pump, serial number 8920028. The manufactures nameplate indicates a flow rate of 700 gpm. Water is diverted into the pipe from Pebble Creek and is dumped into the cistern then pumped into the mainline. Site tag A0012007 was applied to the power pole.

Photo 2. Pebble Creek flood irrigation.

Photo 2 was taken looking south at 4:14 pm at the diversion for the flood irrigation in the SWNW of section 9, township 8 south, range 38 east. The water is conveyed through ditches to flood irrigation the land in the NENE of section 9 and the NWNW of section 10. The water eventually flows back into the Pebble Creek and the Portneuf River.

REF: SNAKE RIVER BASIN ADJUDICATION CLAIMS
A29-2311A AND A29-130

SUBJECT: POD CHANGE
FIELD VERIFICATION REQUIRED

Dear Roxie,

I visited with your husband yesterday on your adjudication claim 29-2311A and determined that field verification is required this spring when the weather clears to determine the correct points of diversion under this license. We discussed that their probably wasn't a change in points of diversion only an incorrectly legal description but I feel this can be resolved this spring when I come out to verify the locations.

I wanted to also touch base with you on your adjudication claim 29-130 from Pebble Creek. This claim also appears to have a change in one of the points of diversion from the original decree. I will also need to determine if there was a change in the point of diversion or if it's an incorrect legal description. Once again if the point of diversion has change we will need to determine if it occurred prior to November of 1987. I think this can also be cleared up this spring. If you have any questions please feel free to contact me in Soda at 547-3993.

Sincerely,

Cindy E. Bird

Re: Change in Ownership for Adjudication Claim Nos. A29-00130,
A29-02311A and A29-10009.

Dear Ms. Holsten:

Please find enclosed copies of the Notices of Claim mentioned above, showing you as the current owner. If you agree that these claims are correct as is, please keep them for your record. If you believe that any changes are needed at this time, make the changes on the form, initial each change, sign in the presence of a Notary Public and return to this office.

We researched our records and found only the three rights enclosed. If there is an additional claim we do not have record of it and would need you to supply us with further information before we can make any changes.

Please do not hesitate to contact this office if you have any questions regarding this matter.

Sincerely,

Gregory J. Taylor
Sr. Water Agent, Adjudications
