Subject: RE: Decree 29-B-1

Hey Al. CMM is gone for the rest of the week, so here is my 2 cents.

Due to other language in the decree, I interpreted the "...absolute and unrestricted ...at all times..." language to not mean year round irrigation. See paragraph 4- last 2 lines which state "...that it will require all of the waters of said Robbers Roost Creek **during the whole of each and every irrigating season** ..." [emphasis added]. It appears that this refers to a definite though unspecified irrigation season, not year round. Also, how does this "absolute and unrestricted" language translate in the real world? I cannot imagine it means no domestic/stockwater use for 5 days, so assumed it meant irrigation water.

Also, in paragraph 3, it states that the land is arid in nature and requires 1 inch/acre to raise a profitable crop. How do we reconcile that with the high water language? Do we have historical info re when do they get high water?

Bye now.

Re: 29-00260 and 29-00261.

This is the Decree for Robber's Roost Creek in Basin 29.

Vicky, as you detailed on your decree outline there is no Season of Use mentioned, rather, the decree states "absolute and unrestricted right at all times" ... also discusses "all of the waters of (Robber's Roost Creek) said stream" and ... "varies from 2 (cfs) to 6 (cfs) or 8 (cfs)... during high water".

Questions:

1. Season of Use to recommend? 1/1 to 12/31 'at all times'; 4/15 to 9/15 (1932 Union Grain... decree [does not include Robber's Roost Creek]); or, IDWR standard for BU claims as 4/1 to 10/31?

2. How much CFS to recommend, 2 or 8? These two claims (29-00260 and 29-00261) are on a court recognized stipulation of rotational use so who gets what is not the issue. One get it all for 2.5 days the other gets all for 5 days: so decreed, nuff said.

Your thoughts please,

later.....al

4. The parties agree that their decreed rights insofar as the rotation or alternate use of the waters of Robbers Roost Creek now commences after the first day of July, and consequently, the Schedule of Water Turns attached hereto as Exhibit "A" and by reference incorporated herein, shall be the schedule to be followed whenever the same is implemented as described hereafter.

5. So long as there is sufficient high water to fill the irrigation requirements of both parties, First Party shall have the right to the continuous use of two-thirds of the water of Robbers Roost Creek, and Second Parties shall have the right to the continuous use of one-third of said water. If either party determines that his share of the continuous flow of Robbers Roost Creek is not adequate to provide for the operation of his ditch and sprinkler distribution systems, as the same was used as of January 1, 1981, then such party shall notify the other party, at least twenty-four (24) hours before reverting to the rotation or alternate use of the water, as set forth in the attached Schedule of Water Turns. (Reference to the distribution system of the parties is not intended to restrict either party from improving or upgrading their respective systems to better utilize the quantity of waters which the respective systems used as of January 1, 1981). The party giving notice shall, on the date of his next scheduled water turn, have the absolute unrestricted right, at all times, to the use of so much of the waters of said Robbers Roost Creek during each of his water turns for the remainder of the regular irrigation season of the year in which the notice is give as is required to operate his respective sprinkler system. The Twenty-four (24) hour notice is intended

to afford the adverse affected party an opportunity to fill his pipes in order to operate a portion of his sprinkler system on the stream flow, if any, not required to maintain the system of the party entitled to the stream waters on the rotation basis.

6. That, except as expressly modified herein, the parties covenant and agree that all the terms and conditions of the Rudge Decree shall remain in full force and effect and shall not be further modified or amended, except by an instrument in writing, signed by both parties.

7. It is agreed that defendant's claim for damages may be held for naught and a judgment may be entered in accordance herewith, with each of the parties to pay his own costs.

8. This agreement is intended to establish a cooperative basis for taking their decreed waters of Robbers Roost Creek and shall be binding upon the parties, their heirs, successors and assigns.

IN WITNESS WHEREOF, this Agreement is executed the day and year first above written.
