Please type or print clearly, fill out this form completely and mail.

Return this reply form to IDWR by the deadline date printed below if you want IDWR to change your recommendation or you want to let IDWR know that you agree with its recommendation.

YOUR DEADLINE FOR RETURNING A NOTICE OF ERROR REPLY IS: April 21, 2003

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):
a.) I disagree with the quantity of 0.375 CFS and combined diversion rate of 0.48 CFS.
b.) I disagree with the amount of irrigated land in NWNE and SWNE (T10S R36E S07).
c.) I disagree with the 24 total acres of land I can irrigate.
d.) I disagree with the 18.75 acres this right is allowed to irrigate.
2. Describe the changes you wish to make in the proposed recommendation:
a.) The quantity should be 0.662 CFS.
b.) The total irrigated land in NWNE and SWNE (T10S R36E S07) should be 33.1 acres.
c.) The total land I can irrigate should be 33.1 acres.
d.) The number of acres this right should irrigate is 33.1 acres.
3. Give a brief explanation as to why you disagree with these portions:
a.) The CFS and number of acres were incorrectly calculated based on the map used. A map provided by the FSA clearly shows the error. Since the CFS is calculated from the amount of irrigated land, the CFS is also in error.
b.) A 5 acre piece wasn't included in your calculations. Historically it was irrigated because the old irrigation ditch that serviced NWNE empties into the top of that.
