Paul,

In regard to your question relating to the season of use for the above numbered claim.

I have attached 4 forms:

- a. an amended claim, as you'll need to amend the claim to show the season of use of 1/1 to 12/31 rather than 1/31 to 12/31;
- b. a Standard Form 3 (SF 3) which is the Motion to File an Amended Claim with the Court
- c. a SF 1, Motion to File An Objection because you'll need to let the Court know that you have an objection,
- d. and a SF7 a Motion to File a Late Objection, because the objection deadline for claims in your area was April 30, 2019.

Be sure to review the amended claim for accuracy, then sign and date under item 15. Follow the directions on the Motion forms by returning all information to the proper agencies. The Court will review the documents and you'll receive further instructions from them as to a time and date for a hearing.

If you have questions on court procedure, I recommend you call them at (208) 736-3011.

Linda
