RE: EXCEPTION TO NOTICE OF CLAIM A29-00593A

Dear Ms Bullock:

This office received your affidavit dated September 30, 1990, concerning Notice of Claim A29-00593A filed by K. V. and Allida Stephenson. The affidavit will be placed with the Notice for future consideration and a copy has been sent to Stephensons.

Recommendation for each Notice of Claim will be listed in the Director's Report. In preparing this report, IDWR is required by statute to review each notice to ensure it is complete and accurate. Information in the exception letter will be considered as part of this review.

Publication of the Director's Report including Marsh Creek is tentatively scheduled for January 1993. When it becomes available for public review, IDWR will mail notification to each claimant. If you are dissatisfied with the recommendation in the Director's Report, you may contest it by filing an objection with the court. Following the objection, the matter will be set for hearing.

If there is a more immediate concern about Stephenson's use of water, you could file a formal request that the IDWR issue a "cease and desist" order for illegally diverting water. It would be necessary, however, for you to file sufficient documentation for the IDWR to be certain that the Stephensons were diverting water they did not own, that had been

Ms Bullock has failed to tell you that early in May 1990 they bulldozed ditch in completely so we only used water about

This is a high water right - so we did not get water this year & hay crop was nil - We have hired a lawyer to help us get this matter resolved. We have used this water since (1957) - Lawyer has affidavit of several people.

abandoned or forfeited in the past, or that has failed to properly transfer the water to the place where it is presently being used. The evidence should be in the form of affidavits, photographs and any other documentation such as aerial photographs which shows the use of water.

Feel free to contact this office for further assistance (525-7161).

Respectfully submitted,

This affidavit is false - I Allida Stephenson ask & told her we (K.V.) was going to turn water into ditch - She advised me that I should tell Randy Morris (he had her land rented) that we would start using the water. I called Morris "Quote Go ahead water is going to waste" but check ditch as it does not get onto my new Barley crop."
