Dear Mr. Dayton,
In regards to the trustee
that need to be addressed. I have
no 1 have to be an owner on my

I have just given you the

I have #2. I don't understand
why or how I can't claim the

my pump and a pipe discharge
the water pumped to the land
to be irrigated. I hope this
explanation is satisfactory to you

RE: Amendment of Snake River Basin Adjudication (SRBA) 29-02224G

Dear Eugene,

In July 6, 2001 Dean Byington, an intern for Idaho Dept. of Water Resources met with you to do a field exam regarding your SRBA claim 29-02224G. This claim is for use of water from the Portneuf River for irrigation purposes. In reviewing your claim I found a couple issues that need to be addressed.

Issue 1:

When filing your claim, you claimed a portion of original licensed right 29-02224. The priority date on the original license is October 4, 1919. However, you claimed a priority date of November 1, 1940.

If the Portneuf water has been put to beneficial use on your property since the time of licensing, I think it would be in your best interest to amend your claim to represent the 1919 priority date.

Issue 2:

Deans notes indicate you have one point of diversion. However, your original filing claimed two additional points of diversion for in-stream use, which are not applicable for an irrigation claim.

Enclosed is and amended claim with the 1919 priority date and only one point of diversion. Please look over the claim and initial any changes you wish to make. When satisfied, sign the claim in front of a notary and return it to this office as soon as possible.

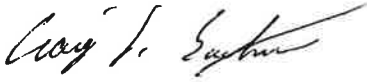

I spoke to Debbie Rademacher today concerning her and Steve's claims. I have an appointment to meet with them on Wednesday, December 19th at 2:30 pm. If it is convenient you could just send the signed amended claim with them.
