**INSTRUCTIONS FOR FILING
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP**

This form has been prepared to assist all claimants and owners of water rights to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. All claimants and owners of water rights are required to notify the Department of Water Resources (IDWR) of any change in mailing address or change in ownership of all or part of a water right. In addition, all purchasers of water rights within a pending general adjudication area must inquire whether a notice of claim has been filed and, if not, shall file a notice of claim if necessary.

Effective July 1, 2000, the Idaho Legislature amended Section 42-248, Idaho Code to include a provision for fees to file a Notice of Change in Water Right Ownership. Please see details at Item 8, below, to determine if fees are required for your filing.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, **the seller should be able to provide you with the water right or adjudication claim number(s).** Please enter the number(s) at **Item 1.** Corresponding water right and adjudication claim numbers should be listed next to each other on the form. You may have purchased only a portion of the water right(s) held by the seller. If so, the water right(s) held by the seller may need to be "split" to provide you your share of each right. Indicate if a split is required by checking in the space provided next to each water right.

If you receive water from a municipal provider, an irrigation district or other water delivery organization, where the water rights are held by the organization, please do not use this form to record a change. You may need to contact the water delivery organization to determine if any action is necessary.

If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If adjudication claims for the rights are required and have not been filed, IDWR will so advise you.

2. The information described at **Item 2** is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. **Do not** obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner/claimant(s) of the water right(s) at **Item 3.**
4. The name, mailing address, and telephone numbers of the new owner/claimant(s) is entered at **Item 4.** Please indicate the relationship between multiple owners by using the connector "and", "or", or "and/or." If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign; however, only one of the named parties is required to sign.
5. At **Item 5**, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.

SCANNED

6. You may have purchased only a portion of the water right(s) held by the seller. If this change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. For each water right requiring a split between owners, fill in the appropriate spaces in the box(es) at **Item 6**. Copy the page as many times as necessary to fully describe each water right after the change. Include documentation as necessary to describe nonstandard agreements or arrangements regarding division of the water right(s). **If the water right(s) will not be split, skip Item 6 and go to Item 7.**
7. The new owner(s) must sign the form in the space(s) provided at **Item 7**. If an "and" connector is used at Item 4, all parties must sign this form. If an "and/or" or "or" connector is used, all parties may sign; however, only one of the named parties is required to sign. If someone other than the owner signs the notice, evidence of authority to sign for the owner must be attached. If the new owner is a corporation or other organization, the person signing the notice must be an officer of the corporation or otherwise have authority to sign for the organization and must include their title with the signature.
8. The Legislature has waived the fee to file a Notice of Change in Water Right Ownership for any water right pending in a general water right adjudication such as the Snake River Basin Adjudication. This waiver ends when a partial decree is issued for the water right that has been claimed. For water rights not pending in a general adjudication, the filing fee is \$25 per water right, except for those water rights which will be divided as a result of the change in ownership. The filing fee for division of a water right is \$100 per water right to be divided. When complete, you should retain a copy and return the original form to the IDWR office nearest you:

RE: Notice of Change in Water Right Ownership for 29-02224K and 29-04018

Dear Harold,

Enclosed is the Notice of Change in Water Right Ownership we spoke about on April 28, 2002. Also enclosed is a revised copy of my preliminary recommendation for 29-02224K (Portneuf River) and a copy of Partially Decreed right 29-04018 (Domestic Well).

I am afraid I was mistaken on the change of ownership fees. Since 29-04018 has already been partially decreed by the Snake River Basin Adjudication (SRBA) court, there is a \$25 filing fee to change ownership on that particular right. No fee for changing 29-02224K.

Please complete the Change of Ownership form and return it to this office with the \$25 filing fee. I apologize for the confusion on this issue.

As always, please feel free to contact me if you have any questions.

Respectfully submitted,

Craig,

These statements support previous river water use on all of our land. The claim number is 29-02224K.

I couldn't get documentation from Idaho Power for water pump power hookup other than the pole and power line is still there.

Let me know what else I can do.

Thanks!

RE: Snake River Basin Adjudication (SRBA) Claim 29-02224K.

Dear Roma,

The Idaho Department of Water Resources has been reviewing SRBA claims in your area this previous summer. In June of 2001, Dean Byington, an intern for the Department of Water Resources, visited you and collected data concerning your claim to a water right.

After reviewing the data Dean collected and the data available to me, I am not finding any evidence that water has been put to beneficial use on the entire place of use claimed for some time.

1987 aerial photography indicates about 0.40 acres of irrigation. In order for me to recommend additional acres, I need evidence of when Portneuf river water was last put to Beneficial use on the entire claimed acreage. Evidence could be in the form of dated Farm Service Agency photographs, or notarized statements from an individual with first hand knowledge of the irrigation history.

In addition, Dean's notes indicate that Hatton has passed away. I am sorry for your loss. In order for me to remove Hatton's name from the claim, I need a statement requesting such from yourself requesting such with a copy of the death certificate.

Please feel free to contact me with any questions at (208) 525-7161.
