New Dry Creek Ditch Co.

4-12-07

Met with the Board Members of the New Dry Creek Ditch Co. concerning the addition of the acres in the N1/2N1/2 (160), SENE (40), S. 10; NENE (33), SENE (21.5), S. 11, T4N, R1W, for a total of 254.5 acres. This brings the total acres for New Dry Creek Ditch Company to 2964 acres as originally claimed.

I agreed to map out the new acres, show the 75 acres within the City of Eagle and print a new map for the ditch company records and our records. We will do an SF5 on digital boundaries to the SRBA Court along with the CD showing the new boundaries. The City of Eagle's acre have already been counted in per Mel Schulte's memo dated 6-8-2005, however, the acres were not digitized into the pou.

The addition of the 254.5 acres is also substantiated by the 6-8-2005 memo from Mel Schulte concerning his recommendation where he states that the Quarter Circle DJ Ranch lands under the New Dry Creek Ditch Co overlap on New Dry Creek's map and Middleton Mill Ditch Co's map as both ditch company rights are used on these lands. These lands are the same acres omitted from New Dry Creek Ditch Co's boundaries for the Director's Report yet were indicated on several maps leading up to the final. I feel it was an inadvertent omission and should now be corrected. See maps in file #63-125K.

NEW DRY CREEK DITCH COMPANY

ADDITIONAL INFORMATION

DATE: JUNE 8, 2005

BY: MEL SCHULTE

The main contact for New Dry Creek Ditch is their president, Dana Purdy (286-9701). He assisted in the review of the boundary and place of use map, the location of their POD and measurements to estimate delivery loss in their canal.

There are no major issues of concern with the New Dry Creek Ditch Company claims except for the number of acres the rights will be limited to in our recommendations as discussed below. They share a POD and canal with New Union Ditch, which might motivate New Union to have an interest in New Dry Creek's recommendations and boundary map. There is an overlap of New Dry Creek's boundary at the extreme West edge with the East boundary of Middleton Irrigation because Circle DJ Ranch is a shareholder of both companies. There is also an overlap with New Union Ditch boundary at the East side of New Dry Creek boundary for the same reason.

The historical boundary and place of use was not easy to ascertain because the historical place of use is an area of rapid residential and commercial development in the Eagle area. A final review of the boundary and place of use was made with Dana Purdy, two board members and Bryce Farris in the offices of Ringert Clark on June 7, 2005.

The acre limitation of 2709.5 acres is less than the 2964 acres claimed and the 3059 acres described in the water master's records. The 2709.5 acre number is based on digitized acres of 2604.5 plus 10 shares allocated to Circle DJ Ranch plus 75 shares within the City of Eagle. Using the 2709.5 acres at an inch per acre makes it necessary to include delivery loss in order to show beneficial use of the companies 62.09 cfs of decreed water. It's interesting to note that the maximum monthly diversions into the New Dry Creek/New Union Ditch canal have shown a continued decline through the years. The declining diversion rates might support what appears to be a reduced number of irrigated acres through the years due to the increased subdivision development in the Eagle area.

New Dry Creeks claim for credited wastewater, 63-17468 was disallowed in favor of Drainage District No 2's right 63-31937. This matter was discussed with New Dry Creek's officers and board by Bryce Farris and does not seem to be a concern for the company.

THIS ACREAGE IS BASED, IN SOME INSTANCES, UPON ACTUAL SURVEYS, AND IN OTHER CASES UPON THE ACREAGE AS DETERMINED AT THE TIME OF THE STEWART DECREE, AND IS THE BEST INFORMATION AVAILABLE AT THE PRESENT TIME. IT WAS ORIGINALLY COMPUTED FEBRUARY 14, 1941, BUT HAS BEEN REVISED SEVERAL TIMES, PARTICULARLY TO REDUCE RIVER BOTTOM ACREAGES TO CONFORM TO STEWART DECREE ACREAGES AS DETERMINED BY SPECIAL COMMITTEE, AND TO ACCOMMODATE TRANSFERS FROM ONE CANAL OR USER TO ANOTHER.

RIDENBAUGH REPRESENTS OLD LANDS WITHIN THE NAMPA & MERIDIAN IRRIGATION DISTRICT THAT ARE WATERED BY THE OLD RIDENBAUGH RIGHTS IN THE STEWART DECREE. THE BALANCE OF THE NAMPA & MERIDIAN IRRIGATION DISTRICT LANDS ARE INCLUDED UNDER THE BOARD OF CONTROL.

The acre limitation of 2517.8 acres is less than the 2964 acres claimed. The 2517.8 acre number is based on digitized acres and is open for scrutiny. Using the 2517.8 acres at an inch per acre makes it necessary to include delivery loss in order to show beneficial use of the companies 62.09 cfs of decreed water. The water master's records indicate a place of use of 3059 acres. It's interesting to note that the maximum monthly diversions into the New Dry Creek/New Union Ditch canal have shown a continued decline through the years. The declining diversion rates might support what appears to be a reduced number of irrigated acres through the years due to the increased subdivision development in the Eagle area.

New Dry Creeks claim for credited wastewater, 63-17468 was disallowed in favor of Drainage District No 2's right 63-31937. This matter might be of concern to New Dry Creek's officers and board.

**Re: Lost River Estates
94-73-PDR/94-41-ZC**

Dear Mr. Nickel:

The purpose of the New Dry Creek Ditch Company (NDCDCo.) is to provide the continuing flow of water to our shareholders. New development is in no way to impede this delivery, or add to the expense of providing this service.

The delivery canal and maintenance road easement must be fenced from the development. The fencing must be a minimum of 6 feet high and of a non-burnable material. No bike path, greenbelt, bridle path or other public use will be allowed within the easement. This is to guard against unauthorized tampering with the headgate system and to protect the public from the water velocity associated with the canal and the headgates.

No landscaping will be allowed to infringe upon the canal's easement. Grass will be allowed within a ten foot setback from the outside of the easement road and the opposite canal bank.

Bridges to be constructed across the canal must have the written approval of Ada County Highway District and the NDCDCo. No round culverts are accepted without the written approval of the NDCDCo. NDCDCo feels the two entrances from Park Road are unnecessary and should be abandoned or reduced to one canal crossing with an additional entrance to the development being supplied via Curlew Court being extended to Beacon Light Road.

No storm drain water, heatpump water, or any wastewater will be allowed to be discharged into the delivery canal. Water shares shall be retained for irrigation of the development. The homeowner's association will be responsible for paying the annual water assessment and managing the water delivery within the development's boundaries.

Sincerely,

Lynne Sedlacek, Bookkeeper

This is to certify that A. C. Bowerman, of Star, County of Ada, State of Idaho, has a right to the use of the waters of Boise River, for irrigation and domestic purposes, and that said right has been confirmed by decree of the District Court of the Seventh Judicial District of the State of Idaho, in and for the County of Canyon, in the case of Farmers' Cooperative Ditch Company, plaintiff, vs. River-side Irrigation District, Ltd., et al., defendants, George H. Stewart, District Judge, wherein certain water was decreed to the Middleton Mill Ditch Company for the irrigation of lands lying under the Middleton Mill Ditch, in Water District 12-A, and that a copy of said decree is now on file in the Department of Reclamation of the State of Idaho, at Boise; that A. C. Bowerman is now the owner and holder of 0.288 second feet of said water, said right bearing dates of priority of June 1, 1864, June 1, 1871, and June 1, 1891; that, upon the application of the said A. C. Bowerman for a transfer of water right, made before the Commissioner of Reclamation of the State of Idaho, and the said application having been granted, the right to the use of 0.288 second feet of the waters of Boise River is hereby abandoned upon the lands for which it was decreed and that the lands to be irrigated under such right and to which the water right hereby confirmed shall by this certificate become appurtenant, for irrigation and domestic purposes, are shown in the following tabulation, limited at any given time to an amount actually needed and beneficially used for such purposes and shall not exceed the following amount, to-wit:
