I, David Modersitzki, moved irrigation pipe on the above described property for Tom Hatch in 1961 on Haystack Mountain Farm. Tom was managing the farm in those years. Later in 1984, I put up the grass hay on the property on shares with Sam Reed who was leasing the farm at that time. In 1985 I took over the lease from Sam Reed and have been leasing Haystack Mountain Farm to the present time.

I can testify that this property was and is being irrigated by hand lines and a wheel line from a the well on Haystack Mountain Farm in 1961 and from 1984 to 2001 irrigation years.

Description of Land leased to David Modersitzki & Karen Modersitzki,
husband and wife, by Haystack Mountain Farms, Inc., a corporation,
April 1, 1935.

Tract 1: The East Half of the Northwest Quarter, the South Half of the Northeast Quarter, and the Southeast Quarter of Section 26, Township 7, South Range 39 E. S. N., EXCEPT THEREFROM the following described tract:
Beginning at the Southeast corner of said Section 26, and running thence North along the East Section line 50 feet; thence at right angles East 50 feet; thence at right angles South 50 feet, more or less to the South line of Section 26, thence East along said South line 50 feet, more or less to the same point of beginning.
All the land in Section 35 and 36, Township 7 Range 38 E. S. N. belonging to Haystack Mountain Farms, Inc.

The tract of land described above consists of approximately 625 acres of irrigated, 15 acres of dry farm and about 50 acres pasture.

A29-2311B

2/28/02. Under this license the portion of irrigate land for this right is 635 acres.

$$\frac{635}{1155} = .5498.$$

$$17.72 \text{ cfs } (.5498) = 9.74 \text{ cfs}$$

The property in the SENE is no longer irrigated. This is also when pivots were installed and they have dried up corners in the S $\frac{1}{2}$ NE. The pivot was installed in 1990. Irrigated acres were moved prior to Karen & David Modersityki leasing the property by the previous leasers.

2/8/02 I explained to David & Karen in a previous 1pm. meeting that because this was done prior to 1987 it comes under what is referred to as an accomplished transfer and they can claim it as a permissible POA but they are limited to 635 acres under this license.

KAREN MODERSITZKI

Office visit

Karen Modersitzki came into the office in Soda Springs and brought me a map of the irrigated acres on the Haystack Mountain claim. David and Karen have leased this property from Elizabeth Call since 1984. The property in the SENE AND NESE of section 34, township 7 south, range 38 east was being irrigated by the previous leasers and the Modersitzki's have continued to irrigate this land since they have been on the farm. They have installed pivots and dried up corners in sections 26 and 35 to more effectively use the water. Karen is going to bring back a copy of the lease and a signed affidavit to document the change was made prior to 1987.
