Hi Paul,

Yes the Redmons did submit the change of ownership documents **BUT** they did not include any proof of ownership so we continue to be at a standstill. Hopefully, it can be made clear to the Redmons in today's status conference what is still needed. Sorry to disappoint.

Hi Ray,

Just a note on the latest for these set at 1:30 tomorrow. We were waiting on the changes of ownership for 63-2249A, 2249B and 3080 to the Redmon's. I spoke with Kathy Redmon on 3/18/09 and she was getting the deeds together. I then spoke with John Redmon on 4-1-09 and he had the deeds and was going to send in the change of ownership. We received the change of ownership form on 4/2/09 without the deeds, so I called Mr. Redmon the same day and left him a message that we still needed the deeds. We returned the change of ownership form with a letter today letting them know that we needed it returned with the deeds in 30 days in order to work on the objection. Several agents have spoken with the Redmons concerning the changes of ownership and in the status conferences held it is the one thing left to overcome in order to try and settle these. Basically until the Redmons get the changes of ownerships properly submitted and the names changed they cannot sign off on any settlements. So, that's the scoop as of right now.

Good Morning!

Has anyone heard from Mr. or Mrs. Redmon? I left another voice mail message today regarding their changes of ownership documents. And I don't see where we have received anything formally but thought I would check with the two of you to see if they had called for assistance on filling out those documents or anything. The status conference is set for April 7 and I would really like to have those cases resolved before then. If you know of anything, please let me know. Thanks!

STATUS CONFERENCE NOTES:

RIGHT NO. 63-2249A et al

DATE: 2-3-09

Paul Arington will try to get a hold of Mr. Redmon - he got his last deed in and needs to submit change of ownership w/ those deeds so we can do SF5's on them for the Wilder Riverside objections.

9-23-08 Status Conference – 63-2249A, B, C, 3080, 3088, 21520 & 21

Jan Shurte

Wilder and Riverside both objected to these claims. Settled the objections and now waiting for an NCAP to be filed after change of ownership submitted. Paul Arrington and Mr. Redmon will be discussing the settlement. Next Status Conference set for 10:30 am on 11-7-08.

11-5-08 – Status Conference

Change of ownership has been hard to do. Neary's land paid off, but others in the name of Mills or Coleman is under contract (carrying papers) so my question is do we wait to do the SF5s until after a change of ownership comes in or can we do them now and then change the ownership when it does come in. Special Master Booth decided to give them more time and sent the next status conference on 2-3-09 at 2P:30. Renea assigned to get in touch with the claimants and have them file a change of ownership.

RE: Address and Ownership

Date: June 17, 2008

.....

While preparing for initial hearings on these recommendations it was noted that none of our correspondence had been received by the claimants. In review of Canyon County tax lot information in arc view we found the current owner to be: Hillview Farms Trust, P.O. Box 202, Greenleaf, ID 83626. I discussed this with our attorneys and asked if I should try to contact the owners and notify them of the initial hearings coming up this week and they agreed that I should try to contact if I could.

I searched "Dex" and could not find anything for Bryan Mills or Delynn Coleman or Joseph Neary in the area. I searched for John Redmon and found a John Redmon at 21988 Tucker Road in Greenleaf. It happened to have the same phone number as shown on Mr. Redmon's claims so I called 459-6067 and happened to catch him at home.

Mr. Redmon stated he was "Hillview Farms Trust" and we discussed the recommendations and objections and initial hearings for the above claim files. I scanned and e-mailed copies of these documents to Mr. Redmon at: jgrsr@msn.com He also gave me his cell number (573-1881) and his fax (454-8362) in case I could not reach him at his home phone number. Mr. Redmon stated he would attend the initial hearings to be held on Thursday, June 19th.

MEMORANDUM

TO: File A63-2249A

FROM: KAY WALKER *Kay*

RE: Claim and Point of Diversion

Date: May 9, 2006

.....

While reviewing this claim for recommendation I found discrepancy between the actual signed, notarized claim and the data entry of the claim after it was submitted. It appears that claimant was assisted in preparing claim form on 12/26/1989, however, the claimant did not submit until 1/8/1990. On this claim form the point of diversion is listed as being located within the SWNW, S17, T4N, R4W, with a remark that states: "Lic. incorrectly describes p/d as SWNW, S16, 4N, 4W." The location in S17 would be the area that Guess Gulch is located. When claim was data entered, after receipt, the point of diversion was entered as being within SENESE, S16, T4N, R4W. There is no information in the file to show where this point of diversion description came from. In further review, I found that this is the point of diversion for drain water that is also on this property under Rt. 63-3080.

In review of the map prepared by field examiner in 1917, the diversion is shown as being in SWNW, S16, T4N, R4W, with a source of Guess Gulch. Pursuant to topographical map X4, the source is actually Dixie Gulch rather than Guess Gulch as licensed.

Claims 63-2249B and 63-2249C are also splits of the original license 63-2249. The claim for 63-2249B was filed as licensed. The claim for 63-2249C shows the source as Dixie Gulch with the licensed point of diversion.

I recommend that we use the licensed point of diversion for all 3 of these splits and the source of Dixie Gulch Creek. If this is determined to be in error the claimants can file notice of error and we can revise recommendations at that time.
