REMARKS: This land is unsurveyed, but it seems that one spring is approximately on the boundary between the SW $\frac{1}{4}$ NW $\frac{1}{4}$ and the NW $\frac{1}{4}$ SW $\frac{1}{4}$. This spring is at present being used on the SW $\frac{1}{4}$ NW $\frac{1}{4}$ for stock watering. There are also several other springs lying just south of this used spring which can be readily developed and used on the SW $\frac{1}{4}$ NW $\frac{1}{4}$ for domestic, stock watering and irrigation purposes. This will require piping the water for a few hundred feet. The NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 33, Tp. 6 S. R. 34 E.B.M., is Government owned land.

Dear Mrs. Wahlgren:

Thank you for submitting the notice for your water right in Bannock County. We have received the notice, but we need to clarify a few items before we process the filing.

The water license you are filing, 29-02334, includes irrigation as a beneficial use. If you are irrigating more than 1/2 acre from the well you must indicate the number of acres in item 10. If you are not irrigating more than 1/2 acre, the use is covered under the Domestic definition. If this is the case, please line through the irrigation use in Item 6 and return the notice. No additional fee is necessary.

If you are claiming irrigation of more than 1/2 acre, please write in the number of acres irrigated in item 10 and return the notice. The amount of water licensed (0.02 CFS) should also be written into item 6 and 7.

5 acres

.01 cfs
.01 cfs

The filing fee for irrigation notices is \$50.00 per claim plus \$1.00/acre in item 10. Since you have already submitted and paid for the domestic use and the late fee of \$50.00, the remaining fee, if you claim irrigation, will be \$25.00 plus \$1.00/per irrigated acre.

Please do not hesitate to contact this office if you have any questions regarding this matter.

Enclosed are two Idaho Water Right claims.
We are also enclosing \$25.00 for the filing

Under protest, we are including \$50.00
