RE: Right 87-10073 Modified Place of Use GIS Shape

Dear Right Holder:

The enclosed map displays the current representation of the place of use for your water right in our geographic information system (GIS) database as requested by your attorney, Susan R. Wilson. The shape boundary includes all three adjacent county tax lots comprising your property in the SENE and SWNE of Section 6, Township 40N, Range 05W, Boise Meridian in Latah County.

The adjustment to the GIS shape boundary representing the water right place of use is within the authorized legal description identified on the recently issued license and the proof report attached for your reference. No changes have been made to any of the authorized elements of use under Right 87-10073.

If you require additional information regarding this matter, please call me directly at (208) 287-4951, e-mail me at pam.skaggs@idwr.idaho.gov or contact me by mail, and I will be happy to assist you.

Sincerely,

DOMESTIC and STOCKWATER

The map depicts the place of use for the water uses listed above and point(s) of diversion of this right as currently derived from interpretations of the paper records and is used solely for illustrative purposes. Discrepancies between the computer representation and the permanent document file will be resolved in favor of the actual water right documents in the water right file.
