I do own the Bell Marsh Ranch described as follows; (see attached description #A29-04020). We do use said water of Bell Marsh Creek from the first day of May (5/1), to the thirty first day of December (12/31), for the use of raising crops and live stock water, and for the irrigation of pasture lands. We have fully utilized this water since 1967 when we purchased the Ranch from Lew and Wilda Carlile.

We have also used the water of Saxon Spring (described in attached profile report #A29-10716) for domestic purposes, irrigation of yard garden, trees and pasture, since January 1, 1967 (1/1/67).

I can also testify that Lew Carlile used the water from about July 20, 1921 (7/20/21) at which time Mr. Carlile and wife Wilda Carlile purchased the land from Christine Lavatta Kniffin and Philip Kniffin, husband and wife.

My husband, C.F. Bullock worked on the farm as a boy and as a man, for the Carlile's and as friends we witnessed the fruits of their labor over the years, so I know of their works and dedication to the building up of this beautiful ranch of which I am now the sole owner.

Mr. and Mrs. Carlile and my husband Mr. Bullock are now deceased but the fruits of their labor is still evident. The ranch is now leased to a very capable renter. Randall Morris runs the ranch below the road and my son La Mar Bullock runs the ranch above the road. The water is used to good advantage each year.

I solemnly swear that these statements are true and correct to the best of my knowledge.
