Dear Mr. Tripp:

The Department of Water Resources has completed the processing of your claims to water rights and no further action is authorized under sections 42-225a and 42-225b, Idaho Code. Your claims will be retained in our files and will be available at any time for use by you or the court.

RECEIVED

Department of Water Resources
Eastern Region

Dear Mr. Ruberry:

The enclosed documents are all I've been able to find so far to support our water right claim. As I mentioned to you in our phone conversation, our land parcel was included with a 160-acre parcel in all previous documents I've located. While some of these documents mention water rights, it appears they have to do with water taken from Rock Creek or a spring source. Fred J. Tripp's widow Joyce Orders says she remembers that she and Fred irrigated our parcel with sprinkler irrigation from the river years prior to 1974.

As you can see, the original "Claim to Water Right" submitted by Fred Tripp in September 1974 (Claim No. 29 4043) indicates there were "attached documents as support of claimed priority date" (i.e. July 25, 1902). Unfortunately, I haven't been able to locate a copy of these "attached documents." Does your Department still have Claim No. 29 4043 on file, and could I receive a copy of them? As far as I can see, the amended claim was submitted because the original form incorrectly identified the Section as 14 (question 5), instead of Section 11.

Please let me know whether or not you can located Claim No. 29 4043 in your Departmental files. My phone number is 775-4443. Thank you.

Sincerely,

Judy Minshall

 trusts, to collect the rents, issues and profits of said property, reserving unto Grantor the right, prior to any default by Grantor in payment of any in-
 debtedness secured hereby or in performance of any agreement hereunder, to collect and retain such rents, issues and profits as they become due and
 payable. Upon any such default, Beneficiary may at any time without notice, either in person, by agent, or by a receiver to be appointed by a court,
 and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of said property or any part
 thereof, in his own name sue for or otherwise collect such rents, issues and profits, including those past due and unpaid, and apply the same, less costs
 and expenses of operation and collection, including reasonable attorney's fees, upon any indebtedness secured hereby, and in such order as Beneficiary
 may determine. The entering upon and taking possession of said property, the collection of such rents, issues and profits and the application thereof as
 aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done pursuant to such notice.

6. Upon default by Grantor in payment of any indebtedness secured hereby or in performance of any agreement hereunder, all sums secured hereby
 shall immediately become due and payable at the option of the Beneficiary. In the event of default, Beneficiary shall execute or cause the Trustee to ex-
 ecute a written notice of such default and of his election to cause to be sold the herein described property to satisfy the obligations hereof, and shall
 cause such notice to be recorded in the office of the recorder of each county wherein said real property or some part thereof is situated.

Notice of sale having been given as then required by law, and not less than the time then required by law having elapsed, Trustee, without demand on Grantor, shall sell all and singular the premises herein and place fixed by it in said notice of sale, either as a whole or in separate parcels and in such order as it may determine, at public auction to the highest bidder, for cash in lawful money of the United States, payable at time of sale. Trustee shall deliver to the purchaser its deed conveying the property so sold, but for cash in lawful money of the United States, payable at time of sale. Any monies or facts shall be conclusive proof of the truthfulness thereof. Any person, including Grantor, Trustee or Beneficiary, may purchase or such sale, with sale, Trustee shall apply the proceeds of sale to payment of all sums expended under the terms hereof, not less than the amount of interest or eight per cent per annum; all other sums then secured hereby, and the remainder, if any, to the person or persons legally entitled thereto.

7. This Deed applies to, for the benefit of, and binds all parties hereto, their heirs, assigns, devisees, administrators, executors, successors and assigns. This Beneficiary shall mean the holder and owner of the note secured hereby; or, if the note has been pledged, the pledgee thereof. RE: EVIDENCE OF PRIORITY FOR A29-04043C

Dear Claimant (s):

The Idaho Department of Water Resources is nearing the end of water rights review in Basin 29. The Notice(s) of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice of Claim indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Claim. The date the water was first put to beneficial use, known as the priority date, has not been confirmed by License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary evidence to support the priority date.**

The above referenced claim to a water right claims a July 25, 1902, priority date from Portneuf River. If this claim is based on a Posted Notice dating to 1902 there must be supporting evidence which clearly shows the claim was actually put to beneficial use in 1902. A Posted Notice only shows an intent to divert, it is not evidence of diversion.

It is important that each element of the Notice of Claim be verified. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice of Claim and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other elements of the Notice of Claim have been or soon will be conducted by Department personnel.

.....
The Department will not recommend the Notice of Claim be decreed by the court if evidence of a priority date is not submitted. The Notice of Claim will be disallowed.
.....

Please submit the documentation supporting the priority date within 30 days of the date of this letter, referencing all documents with the corresponding Claim number. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact this office.

Respectfully submitted,

Cheri Vandermeulen
