AFFIDAVIT

STATE OF IDAHO)
) ss.
County of Bonneville)

J. B. IRICK, being first duly sworn upon oath, deposes and says:

That he is a resident of the County of Bannock, State of Idaho, and has been for many years last past. That affiant makes this Affidavit in support of Claim to Water Right filed simultaneously herewith by Lava Hot Springs Resort, Inc., an Idaho corporation, with principal place of business in Bannock County, State of Idaho, and present mailing address at P. O. Box 621, Idaho Falls, Idaho.

That your affiant is familiar with the real property owned by Lava Hot Springs Resort, Inc., located near the City of Lava Hot Springs, in Bannock County, State of Idaho. That your affiant knows of his own knowledge and observation that during the year 1960, Harold Irick employed Sterling Sigmund to drill a well on said property in the location and designation as set forth in claimant's Claim to Water Right and that said well was drilled and completed on or about August 5, 1960. That said well is 16 inches in diameter and drilled to a depth of 255 feet, cased to 195 feet, with a water level at 90 feet from the top of the ground. That immediately following the drilling of said well and in August of 1960, your affiant observed the water being applicated to said real property by means of said pump and sprinkling system and that since that time your affiant has continuously observed said water being applied to the real property and lands as described and set forth in said Claim to Water Right.

That in approximately the year 1970 and the year 1971, said well was not used for the entire season. Other than for that short period of time your affiant has continually

seen the use of said well and sprinkling system and the appropriation of the waters set forth in said Claim to Water Right. That said waters have been appropriated by means of said well and applied to the real property through the sprinkling system located on said property since the month of August, 1960. That to your affiant's knowledge said well has been used at full capacity at a capacity of 2.0^{SD1} cubic feet per second.

That during the year of 1977, your affiant and his family personally operated and farmed said real property and used said sprinkling system, the well and water works located thereon to its full capacity irrigating the lands and property as set forth in said Claim to Water Right.

That your affiant knows of no time since August of 1960, that the water or the use thereof have been denied or prevented by any person, firm, water district, corporation, municipality, county, state or federal government.

That during the times that your affiant has observed said well, water works and system the waters have been used, depending upon the season, from approximately the early spring until the snows in the fall.

That your affiant has examined and read the Claim to Water Right submitted herewith by the claimant, Lava Hot Springs Resort, Inc., and knows the contents thereof, and believes the same to be true and correct.
