Re: Snake River Basin Adjudication (SRBA) claims; 29-04143 amended, 29-13435 new

Mr. Brim:

Enclosed you will find two SRBA water right claims, as referenced above, for your property near Downey, Idaho.

You should note 29-04143 has been amended to add one acre, correct season of use (to Department Standards) and quantity has been increased to accommodate 1"/ac, pursuant to §42-202 and 42-220 IC.

In addition, I have created 29-13435 claiming the waters of an unnamed stream (locally known as Spring Creek). This claim is also for the same 15 acres. Water quantity and season of use are also consistent with the above reference.

You should note, I have taken the liberty of adding a stock water component to both claims. If you do not want stock water please line through the entries and initial. There is no charge for this addition.

I have also enclosed three aerial photographs that we use to conduct our investigations. One shows ownership of parcels in the immediate area. Another shows the irrigated acres and boundary I have determined by field exam, and the last, shows the area in greater scale. All of these photos are yours to keep if you so choose. However, if there are errors with either of the enclosed claims please correct the error in ink, initial the change and return with supporting evidence. Please correspond with me directly regarding your claims and/or changes to them.

We are pushing the deadline for completion by the end of this month. Please sign the claims as indicated and return them promptly to my attention with your check for \$101.00.

I am enclosing a Change of Address form since you are displaced from your Downey address and will be unable to attend the public meetings designed to address problems with recommendations prior to the court process. Once you return to

CLAIM TO A WATER RIGHT

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

SWORN and NOTORIZED AFFIDAVIT

I Percy Bybee a life long resident of Marsh Valley born on Admacy 28, 1910 in Cambridge, ID just 2 miles north of the Downey townsite.

As a young man I remember irrigating the Penrose place. This is now known as the Spring Creek Ranch owned by Craig and Vern Bloxham. The Penrose place was owned by Nathan Coffin. Nathan was Fred Penrose's father-in-law. Fred Penrose irrigated with Yago water. Heber Wilding irrigated south of the Penrose place with the Yago water. Thayne Thompson who lives in the old Tillitson place in Virginia (five miles north of Downey) shared Yago Creek with Penrose, Wilding, W.O. Thompson and Willis Brim.

Fred Penrose, Heber Wilding, and Willis Brim used co-meangled water that included water from Yago and Spring Creeks. Other men involved with Spring Creek would have been Jimmy Lake, Barney Coffin and G. F. Dewey.

Heber Wilding purchased the 30 Acres by the old Church house from Hy Bowman. Hy Bowman used Brush Creek on this 30 Acres, legal description follows: 11S Twn, 37E Rng, 22 Sec, NW NE-NE NE Tract.

The legal description of the property where irrigation is used in the County of Bannock is as follows:

SWORN and NOTORIZED AFFIDAVIT

I Vern C. Bloxham a life long resident of Marsh Valley born on May 14, 1926, in Downey, ID.

In 1936, as a 10 year old young man I worked for Fred Penrose, H.J. Wilding. We walked the ditch along Yago and Spring Creek to do maintenance work including ditch repair, cleaning silt and brush out of the ditch.

I personally observed the use of the co-meangled waters of Yago and Spring Creeks, water was used on the Willis Brim, H.J. Wilding, and Fred Penrose properties. The property that H.J. Wilding and Fred Penrose irrigated is now owned by Craig V. and Vern C. Bloxham and commonly known as Spring Creek Ranch.

SWORN and NOTORIZED AFFIDAVIT

I James A. Criddle a life long resident of Marsh Valley born on March 1, 1900, in Downey, ID.

In the year 1920, as a young man I personally observed the water from Yago Creek being divided in half with one half the flow going down stream and west to the Tillotson place in Virginia, ID. The remaing half was put in a lateral ditch and flowed into north Cambridge where I observed water usage by W.D. Thompson, Fred Penrose, Heber Wilding and Willis Brim. The usage on the Fred Penrose place is now owned by Craig V. and Vern C. Bloxham, and known as Spring Creek Ranch. Fred Penrose, Heber Wilding, and Willis Brim used co-meangled water that included water from Yago and Spring Creeks.
