REF: CLAIMS A29-4208, A29-4213, A29-4214, A29-4369

DEAR CLAIMANT (S):

This fall I wrote you requesting additional information or documentation of the use of this water right. I need this information to make an accurate recommendation to the court in the Snake River Basin Adjudication. These rights have never been confirmed by a court decree or by a department investigation; we need documentation that the water uses were developed prior to March 25, 1963 (ground water source) or May 20, 1970 (surface water source).

Please refer to the letter and pamphlet sent in September, and provide documentation. Remember that affidavits must clearly identify "first person" knowledge (I did..., I saw...) and clearly state when the use of water was first seen by the person.

Feel free to contact me at our new satellite office in Soda Springs at 547-3993 if you have any questions.

Sincerely;

Cindy E. Bird

Sept 29 1985

To Dept of State Resources

This is a statement as to the use of the water that has been used on this place & the reason as to why I claim water out of Esplan Mite

Thomas Hotel originally Homesteaded this farm & the neighbors farm & in 6/1/1881 he claimed a water right (later he sold the water park & the original filing is recorded in the neighbors book) The then sold the farm to his son Leonard Hotel who in return split the farm & sold half to a neighbor & on the

Neighbors deed the original water filing is recorded. He sold the other half to my father. I have included a statement from him. The farm ground that was originally watered was by flood irrigation then in approximately 1950 my father and the neighbor bought a portable pump and 2 Hrd lines and watered seal others farms then in 1969 was installed the present stationary pump. Therefore this water has been put to beneficial use every since at least 1881 I do indeed use this water every year.

1881
1950 - pump installed.
1969 - stationary pump.
