POOR ORIGINAL

Sept 20, 1985

To Dept of Water Resources

This is a statement as to the use of the water that has been used on this place & the reason as to why I claim water out of Eighteen Mile

Thomas Hatch originally homesteaded this farm & the neighbors farm & in 6/1/1881 he claimed a water right. (later he sold the neighbors farm & the original filing is recorded on the neighbors Deed.) He then sold the farm to his son Leonard Hatch who in return split the farm & sold half to a neighbor & on the neighbors deed the original water filing is recorded. He sold the other half to my father. I have included a statement from him. The farm ground that was originally watered was by flood irrigation then in approximately 1950 my father and the neighbor bought a portable pump and 2 Hard lines and watered each others farms then in 1969 we installed the present stationary pump. Therefor this water has been put to beneficial use every since at least 1881

I do indeed use this water every year.
