Re: SRBA Claim No. 29-4242

Dear Claimants:

I received your letter dated November 15, 2002, with regards to Water Right No. 29-2167; however, the Department's prior letter dated October 15, 2002, was in regards to Water Right No. 29-4242. Claim No. 29-4242 does not have any evidence to support the 1901 priority date that has been claimed. Without such evidence, the water right will be recommended as disallowed as discussed in my prior letter.

When I spoke with Mr. Bloxham on the phone a couple of weeks ago, he indicated that you have copies of homestead documents showing when the property under water right 29-4242 was purchased and homesteaded. It is this kind of information that would be helpful when assessing the appropriate priority date for that water right.

If you have any further questions with regards to Water Right No. 29-4242, please contact me at 208-327-5404 or contact agent, Allen Ruberry, at the Eastern Regional Office at 208-525-7161 directly. Again, thank you for your prompt attention to this matter.

Sincerely,

CANDICE M. MCHUGH

Re: Priority Evidence for SRBA Claim Nos. 29-4242 and 29-4141 ⁴²⁴¹

Dear Mr. Bloxham:

I am the Deputy Attorney General assigned to represent the Idaho Department of Water Resources in Basin 29 in the Snake River Basin Adjudication.

The Department of Water Resources has previously requested information from you to support the priority date of the above listed SRBA claims. In order to make a positive recommendation of these water rights, each element of the water rights must be proven. If the Department does not receive evidence of a priority date for these claims, your water right will be recommended to the SRBA Court as disallowed, meaning that the water right will not be valid. I have included a brochure that provides examples of evidence of priority date for your information.

Please contact Allen Ruberry of the Eastern Region Office for the Idaho Department of Water Resources at 208-525-7161 or you can contact me directly at 208-327-5404. It is imperative that you respond to this request as soon as possible so the Department can conclude the investigation of your water rights.

Very truly yours,

CANDICE M. McHUGH
Deputy Attorney General

RE: EVIDENCE OF PRIORITY FOR 29-04241 and 29-04242

Dear Claimant (s):

The Idaho Department of Water Resources is nearing the end of water rights review in Basin 29. The Notice(s) of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice of Claim indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Claim. The date the water was first put to beneficial use, known as the priority date, has not been confirmed by License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

29-04241 is a statutory claim showing a Priority Date of 4/5/1920, from an unnamed stream tributary to sinks. 29-04242 is also a statutory claim showing a Priority Date of 6/8/1901, from an unnamed stream tributary to Marsh Creek. Please provide supporting documentation supporting the claimed Priority Dates.

It is important that each element of the Notice of Claim be verified. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice of Claim and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind**

of Evidence is Required” and “Some Examples of Documents Which May Be Evidence of the Priority Date”.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other elements of the Notice of Claim have been or soon will be conducted by Department personnel.

.....
The Department will not recommend the Notice of Claim be decreed by the court if evidence of a priority date is not submitted. The Notice of Claim will be disallowed.
.....

Please submit the documentation supporting the priority date within 30 days of the date of this letter, referencing all documents with the corresponding Claim number. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact this office.

Respectfully submitted,

Allen B. Ruberry

To Whom it may Concern,

This letter is in reference to the Springs which set to the east of Von Bloxhams home place approximately a quarter of a mile, the spring more commonly known as the TWIN SPRINGS, which has a ditch running from the Twin Springs, down to Von Bloxhams property.

These springs and the water from them has been used by Von Bloxham for irrigation and stock stream purposes, exclusively by Von Bloxham, for the past 30 years that I know of.

As a boy and in growing up, having lived with the Bloxham Family from the time I was 8 years of age, I have helped Von clean and maintain the ditch and the dam at the twin springs, I have used the water from the Twin Springs to irrigate the land on Von's home place.

In the ditch also we had a place dug out behind the house, which was boarded off where we use to cool the milk at night, from the Dairy Cows that are milked on the farm.

As kids we use to go up to the Twin Springs and play in the springs and swim in them, and at one time had a raft in there that we floated on.

To My knowledge, no one has ever used the water from the Twin Springs, other than Von Bloxham for the past 30 years that I have lived and now visit them.
