however since my residence on or about April
1, 1942, when my Father Oliver E. Parris, general
owner of this farm, he used the creek
to water about 4 to 5 ~~acres~~ acres of pasture
and garden lying along the stream. We also
pumped water by means of a hydraulic ram
type pump to the area around the house to water
trees shrubs & lawn and small garden. The
pump is still in place now and was in place
on April 1, 1942. I would guess it was in use
20 to 30 years prior to that date. The stream
diversion gate was in place and the ditch were
being utilized from then to April 1, 1942. I believe
the water right now and in the future
approximate 100 yds to the west of the
farm will built a pond in the late 1900's and
is still pumping from this creek in such a manner
as to be up at that time. This is the only other I believe
use I know of before the stream enters Park
