Attached to Standard 1 Objection Form
E. Reasons for Supporting Objection

Cory Lamb
2026 South Grant
Pocatello, ID 83204

Ref. 29-4335

May 5, 2005

To Whom it May Concern,

When I purchased the property of Arnold and Berneice Trappett I immediately sent the change of ownership information to IDWR along with the \$25.00 filing fee. I then received a notice stating:

Status: disallowed NO LAWFUL APPROPRIATION SHOWN

The reason for this was unclear.

It looks like the change in ownership was made but the water right was disallowed. I was advised at that time to get a statement from a neighbor who could verify the history of water rights and water use by the previous owner Arnold Trappett, and was told that there would not be a problem in getting this resolved.

Marjorie Strawn was the logical choice for a statement. She had been a neighbor to Trappetts for over 60 years and knew the history of the neighborhood. Her property was adjoining that of Trappetts and she had a good relationship with everyone in the area. Strawn had frequent contact with Trappetts over the years. It was known to Marjorie Strawn that the water from Cusick Creek was being diverted by Trappett to irrigate his pasture. In fact, she chose not to file for a claim on Cusick Creek to make it easier for Trappett to do it.

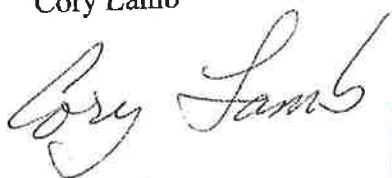

I sent the statement given by Marjorie Strawn to IDWR and was surprised when again this year the recommendation for this water right was disallowed. After speaking again with Ernie in the Idaho Falls office of IDWR. He indicated again that this shouldn't be a problem and he sent the Standard Objection 1 forms to me.

I am also sending a statement of my personal knowledge of the Cusick Creek water use by Trappett. It seems as though it is Trappetts USE of the water that is in dispute and not the water right itself, since his water right was established with a priority date of March 1, 1942 and his records show several updates and claims were made to keep current.

I am sending the Standard Form 1 objection as required. I hope this covers what is needed for the change in ownership of the water right from Trappetts name to mine as well as the change of status for this claim from disallowed to allowed. I have sent everything that has been requested and appreciate your efforts to make the changes needed for this water right to be allowed, and allowed in my name.

The most recent papers I received saying this was disallowed also said: "You may want to hire an attorney". I will only do that if I have to. I am hoping this will take care of it. I would appreciate your help in the matter. Thank You.

Cory Lamb

May 4, 2005

I, Cory Lamb, have personal knowledge that Arnold Trappett and Berneice Trappett diverted water from Cusick Creek as is claimed in water right 29-4335.

Cusick Creek runs inside the property boundaries and through the pasture for the entire length of the property. It is the only water source available to the pasture.

When I purchased this property from Trappetts in June 2004 the water right was included and essential to the purchase. I was provided with documents showing claims Trappett had on the Cusick Creek water since his priority date of March 1, 1942. Trappett made every effort to protect and retain this claim. He kept it current because he needed and used the water.

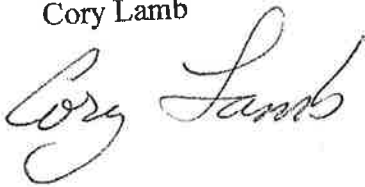

The record of the water right is documented but apparently it is the USE of the water that needs to be verified. However, it wouldn't make sense for Trappett to make the effort to secure a claim to the water if he didn't use the water. It was well known in our small neighborhood that Trappett diverted water from the creek to irrigate his pasture. There wasn't ever a question as to whether he used the creek, it ran right through the pasture and he had the water right.

I have lived in this neighborhood all of my life and have known Trappetts for as long as I can remember. The neighborhood was established by Lamb Dairy whose owner was my grandmother. Since the 1950's I was a frequent visitor to the Trappetts. During my growing up years I spent a lot of time playing near Cusick Creek and year after year Trappett worked on his land irrigating his pasture by diverting water from Cusick Creek.

It is because of this history that I have personal knowledge that Trappett exercised his water right of Cusick Creek. I was there and saw it.

I know this to be true. Trappetts used the water right up until the 2004 season when I purchased their property and filed for a change in ownership of the claim.

MEMORANDUM

DATE: April 25, 2005

FROM: Ernie Carlsen

TO: 29-4335

RE: telecon with Cory Lamb, claimant

Cory contacted me this day about his claim being disallowed in the 2005 late claims director's report. Checking the file I found we did receive an affidavit from long time resident Marjorie Strawn saying the water had been used since 1942. However, the affidavit does not say how Marjorie knows the water has been used since then.

I called Cory back and explained to him that he will have to file an objection to the recommendation. Cory explained that his grandparents owned the property in the 1930s and operated a dairy. I suggested he do some records research to hopefully locate information supporting the use of Cusick Creek on his property.

I also indicated we would mail him an objection form.

Dear Mr. & Mrs. Trappett:

It has come to our attention that your address may have recently changed. The address currently recorded on the above referenced water right(s) is as follows:

Arnold & Berniece Trappett
1833 S Grant
Pocatello ID 83204

We recommend if, in fact, the address in question has been changed, you file a "Change in Address" with this department in order that we may send all further correspondence to the appropriate address.

Enclosed is a Change in Address form. Please fill out the form completely, sign and date it and return it to my attention.

If you have any questions regarding this matter, please call 525-7161.

Respectfully submitted,

Cheri Vandermeulen
Records Clerk

RE: EVIDENCE OF PRIORITY

Dear Claimant (s):

The Idaho Department of Water Resources has recently begun its water right review in Basin 29. The Notice(s) of Claim identified with the number shown above in the "address" label and at the "end" of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel.

.....
The Department can not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by May 11, 2001, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at 525-7161.

Respectfully submitted,

Craig Saxton
