To the best of my Recollection, the

Property known as Chesterfield Ward

was donated by Homer Cooper and

was irrigated out of Nipore (1902)

water. The church drilled a

well in approximately 1953. The

church's yard, playground, and Ball Park
were irrigated from this well. In 1996
the church building was enlarged covering
the old well, so a new well was drilled

just east of the building which water
the same ground.

Re: Snake River Basin Adjudication (SRBA)

SUBJECT: Disallowed recommendation for 29-4429

RESPONSE DATE: JULY 29, 2002

Dear Craig;

We spoke this spring regarding Evidence of Priority needed for the above listed beneficial use claim in the SRBA. IDWR will NOT RECOMMEND this claim to be decreed by the court if no evidence of the priority date is submitted. This office must receive your response by the response date shown above. If no response is received then this claim will be recommended as **Disallowed** to the SRBA court.

Please contact this office if you have any questions regarding this matter.

Subject: evidence of priority for the church

mstar2.net

Hi Craig,

The SRBA claim for the church claimed domestic and irrigation of 5 acres. I received a copy of the warranty deed from J. Dean Hill date Feb. 9th, 1954. It gives the Church 1 year to build the ward chapel. It doesn't however discuss the development of the ball field. I can recommend the domestic portion of the claim with this warranty deed with an April 1, 1955 priority date.

I will need to the irrigation portion:

Affidavits-a notarized statement of someone with personal knowledge of when beneficial use was first made, such as a neighbor or a member. Personal knowledge means someone who observed the use, not some who was told of the use by someone else.

Documentation of the priority date claimed can take almost any form. Generally, the document will be sufficient if it tends to show that water was used:

1. For the purpose claimed,
2. In the year claimed as the priority date, and
3. On the land claimed as the place of use.

To establish the system could irrigate the ball field. I will also need some pump information, such as:

- ✓ 1. pump hp
2. type of irrigation, i.e. flood, sprinklers (number of head, size of heads, pressure, ect)
3. depth of well.
- ✓ 4. What year was the new well drilled. What size pump in the new well.

H.L.

The original statutory claim, claimed 4 acres of irrigation. Did the number of irrigated acres change? If so, when did it change? If you have any additional questions please feel free to contact me by phone at 547-3993 or by email.

Thanks
Cindy Bird

REF: Snake River Basin Adjudication (SRBA)
Claim 29-4429

Subject: Legal Description and priority date

Dear Mr. Wallace,

The mission of the SRBA is to accurately describe water rights in the Snake River Basin. To do this, the Department will need some additional information from the Church on the Chesterfield Ward Property. Mr. Hill described a 1953 document that describes the Church property. I would like a copy of that document for my files. I feel this will help with the legal description and priority date issues. I want to make sure that by adding Lot 1 to the legal description it will solve the discrepancy on the legal description.

As you know, the State of Idaho requires evidence to support the priority date on a beneficial use claims on all water uses. The Church filed on an April 1, 1952 priority date. The file contains an affidavit referring to construction of the Chesterfield Ward property in the spring of 1954. The priority date must consist of a Month, Day and year. The Church will need to provide additional documentation to the Department describing when the water was put to beneficial use for domestic and irrigation. When was the Church finished? What type of irrigation system was used in 1954? Or was the irrigation put in at a later time?

We will need some additional information on the pump system to determine beneficial use. The pump is a submersible pump so we weren't able to determine the horsepower of the pump. What was the original horsepower of the pump? What is the pressure head in pounds per square inch (psi)? Also, what is the elevation head in feet? Has the pump been replaced with a larger pump in recent years?

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that LDS Church, Chesterfield Ward c/o Gary Hatch
(Name of Claimant)

RR Bancroft, Idaho 83217 Telephone No. _____
(Mailing Address) (Zip Code)

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

- (1) Date of priority: (When was the water first applied to a beneficial use) April 1, 1953

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

- (2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

Groundwater tributary to _____

- (3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:
