

AMENDED DIRECTOR'S REPORT

Subcase No. 95-9234

In Re CSRBA

Twin Falls County Civil Case No. 49576

Report to the CSRBA District Court

Prepared by the Idaho Department of Water Resources

Gary Spackman, Director

Carter Fritschle, Manager, Adjudication Section

August 30, 2019

DESCRIPTIVE SUMMARY

This is an Amended Director's Report submitted by the Director of the Idaho Department of Water Resources (IDWR).

DISCUSSION

On August 2, 2018, IDWR filed a Director's Report for Lance and Tracey Ragan's Water Right No. 95-9234, for irrigation and stockwater purposes. No objections or responses have been filed, and the objection and response deadlines have passed.

IDWR has identified an inadvertent error in the Director's Report in the Quantity element for Water Right No. 95-9234. Individual diversion volumes for each use were delineated in the original recommendation; however, a total annual volume according to the license was absent. A total annual volume of **7.90 AFY** should be added to the Quantity element for Water Right No. 95-9234.

The Director submits for filing with the Court an Amended Director's Report for the aforementioned subcase (see attached recommendation).
