RECEIVED

WATER RESOURCES
WESTERN REGION

In response to your June 6th e-mail, Paul Gillette and I have done the following things to satisfy your questions.

Water Right 29-07166

The "Point of Diversion" for the ball park water right is in the SW1/4, SE1/4 of Section 17th, located in the southwest corner of the ball park.

Water Right 29-04176

The priority date of May 1, 1953 needed to be verified. We have sent a copy of the chain of title for the property having the two wells, Section 17, T7S, R35E. It shows that Edwin Bullock bought the property on Feb14, 1953 and 75 days later the water right was filed. Mr. Bullock told Taft Miller that he bought the land with a well already on the farm. He drilled the bigger well and used the two wells along with Mink Creek surface right until the stream source became less reliable. Mr. Miller's statement is included. Mr. Bullock has passed away and his widow has not responded to any request to talk about the water rights. We hope this information is sufficient for setting the priority date.

The amended water right claim has been signed and notarized accepting the 79 acres and our office is not interested in paying a fee for monthly docket sheets.

Water Right 29-02363A

We thank you for making a "Permissible Place of Use" between 29-02363A and 29-04176. The system between the two main irrigation wells is interconnected so either well can be used on the property.

We believe this answers all the questions. Please call Paul Gillette at 801-240-5785 or send an e-mail to him at TCD-REDM5@ldschurch.org if you have questions or require additional information.

Thanks for your courtesy helping us resolve these issues.
