Ernie and Cindy,

I'm forwarding the chronology that Vicky did on two right 29-7446. Neither right 29-7446 or 7253 has had a transfer filed.

First, 29-7446

There is only one claim for this right at this point -- Phil Yost. If Rindlisbaker wants this right he needs to claim it. Then, Ernie, I think we recommend Yost's claim and disallow Rindlisbaker's and then let the two of them prove to the court who owns it. At this point, Rindlisbaker has to show how the water was legally moved from the Sweeney property to his property and without that, we cannot recommend it to him. Does this sound like a reasonable solution?

Second, 29-7253

I have a few questions on this one, Cindy. Is the claim for this right the same as what was decreed in the Bancroft-Lund decree? I thought we discussed that the license for this one differed than what was decreed but I cannot recall what was claimed.

Thanks,

Candice

The only difference on this water right from the B-L and SRBA is the owner.

**INSTRUCTIONS FOR FILING
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP**

This form has been prepared to assist all claimants and owners of water rights to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. All claimants and owners of water rights are required to notify the Department of Water Resources (IDWR) of any change in mailing address or change in ownership of all or part of a water right. In addition, all purchasers of water rights within a pending general adjudication area must inquire whether a notice of claim has been filed and, if not, shall file a notice of claim if necessary.

Effective July 1, 2000, the Idaho Legislature amended Section 42-248, Idaho Code to include a provision for fees to file a Notice of Change in Water Right Ownership. Please see details at Item 8, below, to determine if fees are required for your filing.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, **the seller should be able to provide you with the water right or adjudication claim number(s).** Please enter the number(s) at **Item 1.** Corresponding water right and adjudication claim numbers should be listed next to each other on the form. You may have purchased only a portion of the water right(s) held by the seller. If so, the water right(s) held by the seller may need to be "split" to provide you your share of each right. Indicate if a split is required by checking in the space provided next to each water right.

If you receive water from a municipal provider, an irrigation district or other water delivery organization, where the water rights are held by the organization, please do not use this form to record a change. You may need to contact the water delivery organization to determine if any action is necessary.

If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If adjudication claims for the rights are required and have not been filed, IDWR will so advise you.

2. The information described at **Item 2** is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. **Do not** obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner/claimant(s) of the water right(s) at **Item 3.**
4. The name, mailing address, and telephone numbers of the new owner/claimant(s) is entered at **Item 4.** Please indicate the relationship between multiple owners by using the connector "and", "or", or "and/or." If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign; however, only one of the named parties is required to sign.
5. At **Item 5**, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.

RE: EVIDENCE OF PRIORITY

Dear Claimant (s):

The Idaho Department of Water Resources has recently begun its water right review in Basin 29. The Notice(s) of Claim identified with the number shown above in the "address" label and at the "end" of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. **Field exams to verify other items of the Notice need to be conducted by the Department personnel.**

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by February 1, 2002, referencing all documents with the corresponding Notice number. Also please fill out the Notice of Chance in Water Right Ownership, sign and return in the self addressed stamped envelope along with the Evidence of Priority. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird

**RE: EVIDENCE OF PRIORITY
OWNERSHIP**

Dear Mr. Perkins:

In reviewing the two claims listed above it appears you no longer own this property. I've enclosed copies of the claims filed with the Department for you to review. Have you sold this property? If so, to whom did you sell the property? We still have the issue of the evidence of priority on claim A29-10242 that must be submitted before the claim can be recommended to the SRBA court. I included with this letter our standard letter reviewing the evidence of priority. You can forward this information to the current owner if you would like.

If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird
