

AMENDED DIRECTOR'S REPORT

Subcase No. 95-9117

In Re CSRBA

Twin Falls County Civil Case No. 49576

Report to the CSRBA District Court

Prepared by the Idaho Department of Water Resources
Gary Spackman, Director
Carter Fritschle, Manager, Adjudication Section

August 30, 2019

DESCRIPTIVE SUMMARY

This is an Amended Director's Report submitted by the Director of the Idaho Department of Water Resources (IDWR).

DISCUSSION

On August 2, 2018, IDWR filed a Director's Report for Pineview Estates Water District's Water Right No. 95-9117, for municipal purposes. No objections or responses have been filed, and the objection and response deadlines have passed.

IDWR has identified an inadvertent error in the Place of Use (POU) element included in the Director's Report for Water Right No. 95-9117. The original recommendation described the POU using both a Public Land Survey (PLS) description and a place of use condition. The license for Water Right No. 95-9117 did not include a PLS description for the POU and therefore the PLS description should be removed from this POU element.

The Director submits for filing with the Court an Amended Director's Report for the aforementioned subcase (see attached recommendation).
