Craig though the figures look correct realistically how can it be administered? **[Saxton, Craig]** With a very small hose and bucket (joke). Is the one acre of irrigation on 29-7680 equally divided between the home owners? **[Saxton, Craig]** Licensing field exam defines 1/4 acre of irrigation for each home - but I don't know if this is the reality. The combined rates of diversion would be very difficult to actually regulate. It may be to late at this point but rather than trying to limit specific amounts, in this case I would suggest using condition code R68 **[Saxton, Craig]** I like this code much better. I didn't know we could use it. If you will contact the claimants about filing objections I will work with them to get the recommendations changed. **[Saxton, Craig]** I will give them a call today.

Ernie,

I have prepared a memo for your review regarding a call I received related to basin 29 directors report. We spoke about this on Friday.

This one was kind of a complex overlap so I would encourage you to take a look at it. I will wait to contact the claimant until you have had a chance to look this over. Or if you want to contact the claimant yourself since it is a Basin 29 issue, it won't hurt my feelings.

Dear Dr. Fischel:

The Idaho Department of Water Resources (IDWR) is returning your Notice of Claim to a Water Right because of insufficient information and/or fees. All items on the forms must be completed and fees submitted before the IDWR can process the notice.

Please correct the items identified below and return the notice and filing fee to the IDWR by April 19, 1990, the filing deadline for Bannock County.

The date of priority must be entered in Item #2. This is the month, day, and year water was first put to beneficial use. If you do not know the precise date, you must estimate the month, day, and year.

The filing fees for irrigation are as follows: \$50.00 for each claim filed and \$1.00 per acre irrigated. You are irrigating 2.5 (rounded to 3) acres so your total fee is \$53.00, rather than \$58. Please submit another check for \$53.00 along with the corrected claim form.

If you wish to make an appointment to discuss the corrections, please call the IDWR at (208) 525-7161.

Respectfully submitted,

Ernest Carlsen for

To file the Notice, based on License 29-7680, please reduce the quantity under Item 6 and the number of acres under Item 10, making them consistent with the License. The fee will only be \$51.00 for this Notice.

For your convenience, we have enclosed both an Application for Permit form and Notice of Claim form, one of which can be used to file on the additional 7 acres.

If you wish to make an appointment to discuss the corrections, please call the IDWR at (208) 525-7161.

RE: Notice of Claim

Dear Mr. Fischel:

The Idaho Department of Water Resources (IDWR) is returning the Notice of Claim submitted for Apple Acres Subdivision and check (#163 for \$68.00) because of a discrepancy between the Notice and License 29-7680, (copy of license enclosed).

Please correct the items identified below and return the notice(s) and filing fee(s) to the IDWR within 30 days of the date of this letter. If the corrected notice(s) are not returned within the 30 days, each notice will be subject to an additional late fee.

The place of use on the Notice shows irrigation of 8 acres in the NE1/4 SW1/4, Section 20, Township 7S, Range 35E, but License 29-7680 is for the irrigation of 1 acre in the same 1/4 1/4. Based on this discrepancy, it appears that an additional 7 acres have been placed under irrigation since the license was issued. Though the number of irrigated acres under a licensed right can not be increased, there are a couple of options to select from in filing on the additional acreage.

One method would be to file an Application for Permit for irrigation of the 7 acres. The priority date would be the day the Application is filed, and this method would allow for the appropriation of another 0.14 cfs for irrigation. The initial fee for the Application is \$30.00.

The other method would be to file another Notice of Claim based on the expansion of the license. The priority date for this Notice would be the date when the expansion occurred. This procedure would not provide additional water for irrigation. (The license limits irrigation to 0.03 cfs). The fee for this Notice would be \$50.00, plus \$1.00 per acre, totaling \$57.00.
