Re: Phone call from Contractor

Contractor Shawn Dustin called this morning, he cannot locate claimed PODs. Neighbor Williams (Barry Williams) told Dustin this land has not been irrigated for years. New owners Adams did not know history.

Barry Williams is not a disinterested party but it is likely his assessment is correct. As I read the affidavits I think this is an effort to protect the enjoyment of natural "sub" water which was not developed by human effort as a "beneficial use."

I told Mr. Dustin to send a memo of his findings & not waste any more time trying to find something to measure.

TO Whom it May Concern:

I the undersigned was raised in Arbon at the Vern and Carolyn Munn's home, being the third daughter. I have seen the tail water from the Mercy Irrigation from Price and William's irrigation and the natural subirrigation from Bannock Creek. We have raised two crops of hay a year off the meadow located in section 12.

My father Vern Munn(dec) farmed and ranched with my Uncle Guy Bolingbroke(dec). have had cattle about 200 head and 8-10 head of horses in the pasture. My mother Carolyn cared for the ranch until 1983 and I've been farming and ranching since then. I'm 56 years of age. In the last few years we haven't had as much hay only one crop off the meadow because of the drought. This year the meadow has flooded over the pasture and hay area. We have used Bannock Creek for the watering of our Domestic animals as long as I can remember and continue to use it.
