RE: Amended priority date for claim 29-10758

Dear Mr. Kirkham,

Thank you for working with me and providing the priority evidence I requested from you on May 22, 2001. Based on the affidavit you provided from Mrs. George Hynes, I can recommend a priority date of 12/31/1946. However, to do this, you need to amend the claim.

Enclosed is an amended claim that lists the 1946 priority date (highlighted). Please look over the claim and initial any changes you wish to make. When you're satisfied, sign the claim in front of a notary and return it to this office.

Please feel free to contact me with any questions.

Respectfully submitted,

Dear Craig,

June 11, 2001

We are writing you in regards to water right no. 29-10758 which we call 3100 N. Main and is currently known as the Industrial Radiator shop. There was a well that was original to the old house that was there and was drilled in 1946. Mrs. George Hynes, 8396 Gathe Dr, has lived in the area since 1946 and remembers that the Pehrson family was there before that. The Pehrson family lived there until 1959 and then it was purchased by Fern H. Marvel. We purchased the property from them in 1976 and built the existing commercial building in 1977 using the existing well.

We submitted for a priority date of 6/1/59 because that is when Mrs. Marvel began living there. The proper date should probably be 1946 based on Mrs. Hynes recollections.

Sincerely,

Dale B. Kirkham

To Whom it May Concern ,

I have lived in the area since 1946 when I moved here with my family. I knew the Pehrson family that lived on the corner of North Main Extension and Hiway 30. They lived there for many years while I was growing up. I still live in the area on Gathe Dr. which is just across the river from the old house sight. They had a good well and always had a great yard and garden. Even today there area still some of the old flowers and trees they planted there.

RE: EVIDENCE OF PRIORITY

Dear Claimant (s):

The Idaho Department of Water Resources has recently begun its water right review in Basin 29. The Notice(s) of Claim identified with the number shown **above in the "address" label and at the "end" of this letter** has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel.

.....
The Department can not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by **June 22, 2001, referencing all documents with the corresponding Notice number.** If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at 525-7161.

Respectfully submitted,
