RE: Notice in Change of Water Right Ownership and Priority Evidence for Snake River Basin
Adjudication (SRBA) claim 29-10802.

Dear Michael,

On May 2, 2001 I sent you a letter requesting you to complete a Notice of Change in Water Right ownership. I also requested evidence supporting the priority date claimed of November 30, 1934. On May 10, 2001 you contacted this office and informed me that you didn't receive a copy of the Change of Ownership form. A form was mailed out on May 11, 2001.

Since that time I have not received any of the requested documents. For your convenience I am sending you another Change of Ownership form, a copy of the claim, and a pamphlet describing what the department will accept as priority evidence.

The requested documents need to be submitted to this office by **October 19, 2001** in order for the department to make a favorable recommendation on your claim.

Please feel free to contact me at 525-7161 if you have any questions.

Respectfully Submitted,

RE: CHANGE IN OWNERSHIP FOR AND PRIORITY EVIDENCE FOR 29-10802

Dear Michael Mowers:

The Idaho Department of Water Resources has recently begun its water right review in Basin 29. During my initial review, it has come to my attention that you may have recently purchased the tract of land in Bannock County that is described in adjudication claim 29-10802. The property to which I am referring was most recently owned by Leo & Jacquelyn Walc. The legal description is as follows:

T07S R35E S23 SW1/4 NE1/4
NW1/4 SE1/4

This property was filed on in the Snake River Basin Adjudication (SRBA), and if, in fact, you now own the property in question, you need to file a "Change in Ownership" with this department in order that we may send all further correspondence to the appropriate owner(s).

Enclosed is a Change in Ownership form. Please fill out the form completely, sign and date it and return it to my attention along with a "copy" of your Warranty Deed and legal description of the property you have purchased.

In addition, no evidence of priority was submitted when claim 29-04051 was initially filed. For your convenience, I am enclosing a copy of the form letter that explains what the Priority date is, and what the department will accept as evidence of priority.

Please feel free to contact me at 525-7161 if you have any questions.

Respectfully submitted,

RE: EVIDENCE OF PRIORITY

Dear Claimant (s):

The Idaho Department of Water Resources has recently begun its water right review in Basin 29. The Notice(s) of Claim identified with the number shown above in the "address" label and at the "end" of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel.

.....
The Department can not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by June 4, 2001, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at 525-7161.

Respectfully submitted,

Craig L. Saxton
