Comments:

1. csaxton 1/13/2003 No Irrigation

Comment: Irrigation portion is in violation of the Mandatory permit statute. Claimant said she would file a permit for irrigation use on this well.

2. csaxton 1/14/2003 Parcel

Comment: Per claimant statement, this well (second well) was drilled for domestic and irrigation. Irrigation cannot be recommended. But domestic is for 1 home. Recommend use on two parcels since it is unclear which parcel this well serves and the two wells owned by the claimant are interconnected.

TO WHOM IT MAY CONCERN

In regards to the water usage of the two wells at
8851-8853 N. Kraft Road
Pocatello, Idaho 83204

Keith and Fern McCardell purchased the eighty acres from Sue Paulson of Burley, Idaho on March 15, 1943 and took occupancy of the house with one hand dug well next to the house and a well in the field below and to the left of the house.

The well next to the house was used for domestic use and to water approximately 4 acres of ground from that time one. Domestic stock included a dairy herd (approx. 45 milk cows), 7 horses, 60 pigs, chickens, and various other livestock.

The McCardell's operated a dairy from 1943 until 1967 at this address. The acreage in question was used to graze the younger stock until they became old enough to use at the dairy. Mr. McCardell also had a feeder lot with anywhere from 50 to 100 beef cattle.

A well was drilled in 1975 to augment the first well for domestic and irrigation. This well is used to irrigate approximately seven acres of ground and to furnish water to the second home on the property, along with 26 head of feeder stock and 4 horses.

Mr. and Mrs. McCardell deeded their land to their children in 1987.

Sincerely yours,

Patricia M. Cardell Duncan
