Re: H. A. and Demaris Lister
Notice of Change in Water Right Ownership
Adjudication Claim

Gentlemen:

I am returning completed information on claims 29-10850; 29-10851; 29-10852; and 29-10853. As you are aware both H. A. and Demaris Lister are deceased. The estate is currently in probate, Jay Myers, Attorney (208/233-4121). Mr. Myers has advised that this will probably not clear probate until the end of April, 2003, probably not until after these water decisions are made.

I have been appointed Personal Representative for the estate. Also, I am the only child and stand to inherit all properties. I can provide copies of death certificates, or my appointment as the Personal Representative if you need it.

From what I can ascertain from the paperwork furnished to me by your office, claims 29-10851 is the domestic well on my property, see deed attached. Also 29-10853 appears to be connected to our deeded property.

In my capacity as Personal Representative to the estate, I will provide answers to "Preliminary Recommendations of Water Rights Acquired Under State Law."

If for any reason I have made assumptions as to my rights to these water rights, please contact me as soon as possible. I can be reached at my office daily 208/233-0080; or in the evenings @ 208/775-3736.

Thank you very much for all your help with this and for going the extra mile to get this information to me.

Regards,

Kathy Wynn

RE: Snake River Basin Adjudication (SRBA) claims 29-10850, 29-10851, 29-10852, 29-10853.

Dear Mr. and Ms. Wynn,

The Idaho Dept. of Water Resources received your letter and information packet on February 25, 2003. Based on that information I changed ownership of water rights 29-10851 and 29-10853 from Henry and Demaris Lister to Gary and Kathy Wynn (enclosed).

However in order to change the water rights applicable to your mother and fathers property, I will need a copy of the deed that shows you are owner of the property or a copy of the appointment assigning you Power of Attorney along with copies of the death certificates.

You stated in your letter that the estate will probably not clear probate until the end of April. If you would just like to wait until it does, I doubt if that will be a problem. The tentative schedule to issue the Directors report is in June of 2003. At the time the directors report is issued, the SRBA court will be mailing out the recommendations (meaning that even though I know they should be mailed to you, I will not be involved). The problem is they will be mailed to the address listed on the water right record. Thus, we need to change them soon, but we do have a little bit of a window if you would just like to wait until the estate clears probate.

Please feel free to call me if you have any questions.

Respectfully submitted,

Craig L. Saxton
Sr. Water Resource Agent

MEMORANDUM

Date: January 14, 2003

From: Craig L. Saxton

Subject: SRBA Claims 29-10850, 29-10851, 29-10852, and 29-10853

Despite not receiving a response to the July 2, 2002 letter sent to the claimant, I called the number on the claim to re-confirm that there was no use of Spring or Rapid Creek water for irrigation.

The number was disconnected and I was directed to call (208) 775-3736. This is the number for Henry Lister's (claimant) daughter and son-in-law:

Gary Wynn
Kathy Wynn
5937 N Rapid Ck Rd
Inkom, Id 83245

I spoke with Gary and he said Henry passed away about two months after I spoke with him.

Gary said that Rapid Creek water was used to irrigate the pasture up and down stream of Henry's house as recent as 5 years ago. This would be consistent with the irrigation pipe I found on my 6/25/02 field exam. Gary said that the Rapid Creek water was pumped from directly behind Henry's house.

Regarding the use of springs, Gary said the springs flow naturally onto the property, but there is no diversion works and was not diverted. Just natural flow. I explained to Gary that since it is just natural flow, I would have to disallow the claim.

Gary confirmed Henry's previous statement that the well is only used for D&S with irrigation of his lawn (29-10850).

29-10851 seems to be intended for D&S on Gary and Kathy's current property. No apparent irrigation.

Gary said the he and Kathy are the executers of Henry's estate so I am sending them a Change of Ownership form.

RE: Change of Ownership for Snake River Basin Adjudication (SRBA) claims 29-10850, 29-10851, 29-10852, and 29-10853.

Dear Mr. and Mrs. Wynn,

Enclosed is a Notice of Change in Water Right ownership form I spoke with Gary about on January 14, 2003.

It is my understanding that you are the executors of Henry and Demaris Lister's estate. If this is correct, I feel you should complete the Change Of Ownership form in order to assure that a mailing concerning the water right claims associated with Henry Lister's property is mailed to the appropriate address.

Note that my research indicates that the intent of claim 29-10851 was to cover domestic use on your property. In order to change ownership on that right you will want to submit a copy of the deed to your current home as well.

Please feel free to contact myself or IDWR's Eastern region office, (208) 525-7161, if you have further questions.

Respectfully submitted,

RE: Snake River Basin Adjudication (SRBA) claims 29-10850, 29-10851, 29-10852, 29-10853.

Dear Henry and Demaris,

In 1990 you file 4 claims in the SRBA (enclosed). The Idaho Dept. of Water Resources (IDWR) is now in the process of reviewing the SRBA claims in your area. I contacted Henry on July 12, 2002 to discuss the need to meet so I can confirm the claimed water use. The four claims consist of claims for use of water from 2 different wells, Rapid Creek, and a spring all to be used for irrigation purposes.

When I spoke with you on the phone you said that you do not irrigate anything but your lawn around your home. Based on your statement I have no option but to disallow three of the claims and recommend only Domestic and Stock use under claim 29-10850.

The SRBA court requires IDWR to evaluate water-use as it existed in 1987. So even if you have not used the water recently, you may still have valid water rights if water has been historically used for irrigation on your property. However, in order to recommend the right I need to see how your irrigation system works.

At this time, I will recommend Domestic and Stock water use from the well by your home. If you feel this assessment is incorrect, please contact me (208) 590-2690.

Respectfully submitted,

Craig L. Saxton

DeMaris & Henry A. Lister Water Adjudication
3777 N. Rapid Creek Road Priority Use
Idaho Falls, ID 83402

Domestic & stock water usage plus small use of water
from Rapid Creek for pasture.

Brief description and history of property: 127 acres

High elevation, mountainous area composed mostly of dry-graze, non-irrigated land (no row crops) with Rapid Creek running through entire length of property. Small pastures line one side of creek adjacent to the county road, with very steep land rising to higher elevation dry farms.

This is part of an original homestead dating back to about 1903, with no deeded water rights. A subsequent owner, Tom Jones, purchased the property in the late 1920's. He had the pastures along the creek improved by leveling, brush & willow clearing and diking the creek to avoid flooding during high water. These pastures remain the same today. He traded 5 acres to a Mr. Killian to drill the domestic wells for homesites and built our house for his own use in 1948. Usage of water was the same as today, i.e. D&S with supplement from creek and small springs.

Leonard Carlsen purchased and owned the property from 1955 to 1962. Same usage, no diversion for irrigation, supplement to well for watering back yard, garden, & close-in pasture.

Henry A. & DeMaris Lister purchasers - 1962 to present.
Same water usage. Daughter, Kathy Wynn & husband, live on the upper homesite with the same traditional usage of water.

Note: This property lies in 4 sections, with Sec. 34 & 35 coming together in the yard. Enclosed is a copy of the county map, color coded to indicate lie of land and position of pastures and homesites.

Yellow - Property boundary
Green - Rapid Creek
Red - 2 Homesites
