Dear Al:

I recently interviewed Lynn Crump
one of the former owners of this ranch.

Grant Shumway owned the ranch from
1917 to 1969. Lynn Crump went to school
with Grant Shumway's son & worked on
the ranch & was a friend of the Shumways
for many years.

Grant ~~has~~ used "high water right" from
Twinn Creek to irrigate the southern
most meadow ~~from as early~~ 1917 to
1969. After that neither Lynn Crump
or Eli Truym could use the water
because the owner (Herman Larsen) would
not allow across the creek. Thus I think
we should retain the high water right -
it was any water over 2 cfs/sec out of
Twinn Creek.

~~The note~~

Lynn Crump gave me acre of land
to a friend (I cannot remember the
name) ~~at~~. That is the acre in
the south east corner that Tim Wigginton
lives in. The well was drilled in 1974,
at 100' they struck water and at 120'
they obtained the artesian flow. Both
residences have used the water since.
This ranch used it for domestic water
and to irrigate one acre of land around
the house.

Spring 100

4/1/39

The pond, below the house, was built in 1939
and was used to irrigate the pasture
to the south & west of the barn & corrals
as well as stock water. The pasture
is about 7-9 acres → 6.5 ac

DEAR MR BUDGE:

ENCLOSED IS A NOTICE OF CLAIM (A29-11608) THAT WAS FILED BY YOUR OFFICE IN APRIL, OF 1990. DURING THE REVIEW OF THE NOTICE, IT HAS COME TO OUR ATTENTION YOU FORGOT

TO PUT YOUR SEAL ON THE NOTICE. PLEASE PLACE YOUR SEAL ON THE NOTICE AND RETURN TO THIS OFFICE FOR PROCESSING.

THANK YOU FOR YOUR COOPERATION.

The previous names were:

Grant Shumway - deceased - 1917 - 1969
Hyman Camp - Fairway Drive, Inc. 1969-1977
Eli Trayson - deceased (with Avis still alive) 1977-1985
We have turned it over 1985.

The ranch was first visited by Grant Shumway.
Hyman Camp developed the sprinkler system.
He gave what under irrigation by pump
on the hill adjacent to Highway 30 -
he broke it out of usage in 1969. It has
been visited to some extent since separating
in water availability.

From this information we should
(1) Retain high water rights of Quinn Creek
(2) 130 mls do use the domestic water
for about 1000 around the house
(3) Be able to irrigate 7-9 acres of
pasture south & west of barn & corral.

I think this bill is the best way to
much as possible. I do not know
the history before 1917.

Thank for your consideration

RE: EVIDENCE OF PRIORITY FOR A29-11608

Dear Claimant (s):

The Idaho Department of Water Resources is nearing the end of water rights review in Basin 29. The Notice(s) of Claim identified with the number shown above has been filed in the Snake River Basin Adjudication (SRBA). The Notice of Claim indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Claim. The date the water was first put to beneficial use, known as the priority date, has not been confirmed by License, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary evidence to support the priority date.**

The above referenced claim to a water right claims an April 1, 1902 priority date from springs.

It is important that each element of the Notice of Claim be verified. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice of Claim and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other elements of the Notice of Claim have been or soon will be conducted by Department personnel.

In addition to this request, I am enclosing copies of two other letters requesting action with respect to this water right claim, which had no response from your office.

.....
The Department will not recommend the Notice of Claim be decreed by the court if evidence of a priority date is not submitted. The Notice of Claim will be disallowed.
.....

Please submit the documentation supporting the priority date within 30 days of the date of this letter, referencing all documents with the corresponding Claim number. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact this office.

Respectfully submitted,

Cheri Undermeulen
