STATE OF IDAHO
OFFICE OF THE ATTORNEY GENERAL
LAWRENCE G. WASDEN
June 4, 2003

TO: Basin 29 Surface Water User

I am writing this letter to you as a courtesy to inform you that after review of the Department of Water Resource's preliminary recommendation for your water right(s), a quantity remark has been added. The quantity remark will reflect how your water right(s) was historically decreed in a prior decree. The prior decree recognized the quantity for your water right(s) as a fractional amount of the stream flow listed from the source on your water right. You can expect the Department's Director's Report, which is to be filed with the SRBA Court sometime in July, to include a quantity remark as follows:

The amount of water diverted under this water right may not exceed (*decreed percent or fraction*) of the stream flow of (*decreed source*) at the point of diversion described above at any given time. This water right shall not provide more than .02 cubic feet per second per acre at any time.

The information in parentheses and italics will reflect whatever fraction and source is correct for your water right(s).

If you disagree with the inclusion of this quantity remark in your water right, you will be able to file an objection with the SRBA Court. A Notice of Filing Director's Report will be mailed to you along with the Director's Report for your water right(s) sometime in July. This Notice will outline the deadlines and process for filing an objection to your water right(s).

If you have any further questions regarding this matter, you can contact me at 208-327-7900.

Very truly yours,

A handwritten signature in cursive script, reading "Candice M. McHugh", is written over the typed name.

OFFICE OF THE ATTORNEY GENERAL

ALAN G. LANCE

December 11, 2002

Dear Claimant(s):

I am the Deputy Attorney General for the Idaho Department of Water Resources working on the SRBA in Basin 29. After reviewing your water right claim, it appears that the priority date you claimed for your water right(s) might not be correct and that October 10, 1878, might be the appropriate priority date for your claim(s). In order to recommend this priority date, which is earlier than the priority date you originally claimed, your claim(s) would need to be amended. Therefore, I have enclosed for your review and signature an amended claim form. If you would like to amend your claim(s) to reflect the earlier priority date please initial the change on the amended claim form and have your signature notarized; then, return the signed amended claim in the enclosed self-addressed envelope.

The Department intends to issue its preliminary Director's Report for your water right(s) in January, 2003. If we do not receive the signed, notarized amended claim form from you prior to January 10, 2003, the Department will recommend your water right(s) with the priority date no earlier than the priority date that you have currently claimed.

If you have any questions concerning this matter, you can contact me at (208) 327-5404 or Allen Ruberry, Senior Water Resource Agent with IDWR's Eastern Region Office at (208) 525-7161.

Very Truly Yours,
