RE: Banock County Adjudication claim

Dear Mr. Olson:

The Idaho Department of Water Resources (IDWR) is returning your Notice of Claim to a Water Right because of insufficient information and/or fees. Your check no. 2739 in the amount of \$52.00 is also enclosed. All items on the forms must be completed and fees submitted before the IDWR can process the notice.

Please correct the items identified below and return the notice and filing fee to the IDWR within 30 days of the date of this letter. If the corrected notice is not returned within the 30 days, it will be subject to an additional late fee.

The location of the point of diversion (well or headgate) and place of use must be defined to at least the 1/4 of 1/4 Section (40-acre tract) in Items #4 and #10. You must also indicate the number of acres irrigated in item #10. To enable us to accurately determine this, please indicate the locations on the enclosed map. Also return the copy of the plate map showing your "lot".

In item #14 you indicate you were "deeded" 5 miners inches of water with the property. This equals 0.10 CFS (cubic feet per second). This number should be included in items #6 and #7. You have listed 0.79 CFS which equals 39.5 miners inches. The period of use for this area is March 15 to November 15 (item #6). The consumptive use, item #8, equals the number of acres you claim in item #10 times 2.5.

In item #15 you indicate the basis of claim to be from a court decree. I researched our records and found two decreed water rights that cover the property description you list. A copy of

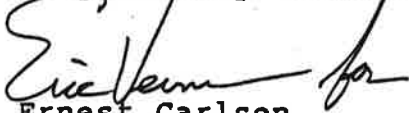

Olson, Page 2 of 2

these two rights are enclosed for your review. Please indicate in item #15 which, if either of these rights you wish to base your claim on.

The filing fee for this notice is \$50.00 plus a variable \$1.00/acre fee based upon the number of acres claimed under item #10.

If you wish to make an appointment to discuss the corrections, please call the IDWR at (208) 525-7161.

Respectfully submitted,
