Comments:

1. csaxton 11/26/2001 Recommendation

Comment: While in meeting with Todd Anderson on 11/6/01, confirmed that when his aunt Opal Beck owned the place before the Packers and the Hurleys, the entire property was irrigated from the creek.

2. csaxton 11/26/2001 Diversion Rate

Comment: Diversion Rate deeded to original acreage of 2 inches. Then, when property was split, they were granted 1/3 of rights from Pocatello Creek. Thus getting 0.01 cfs by rounding.

Memorandum

Date: 10/26/01

From: Craig L. Saxton

Subject: Forfeiture question

29-04367 – Groundwater

Groundwater used over the entire 4 acre parcel owned by Opal Beck per affidavit from Dwaine Anderson Signed 5/7/01. Affidavit doesn't speak of last time used. Claim filed in 1990. Shading on 1985 USGS orthoquad maps indicate irrigation of 4 acres. Based on statement from Dwaine Anderson and 1985 orthoquad maps, recommend entire parcel as irrigated from well.

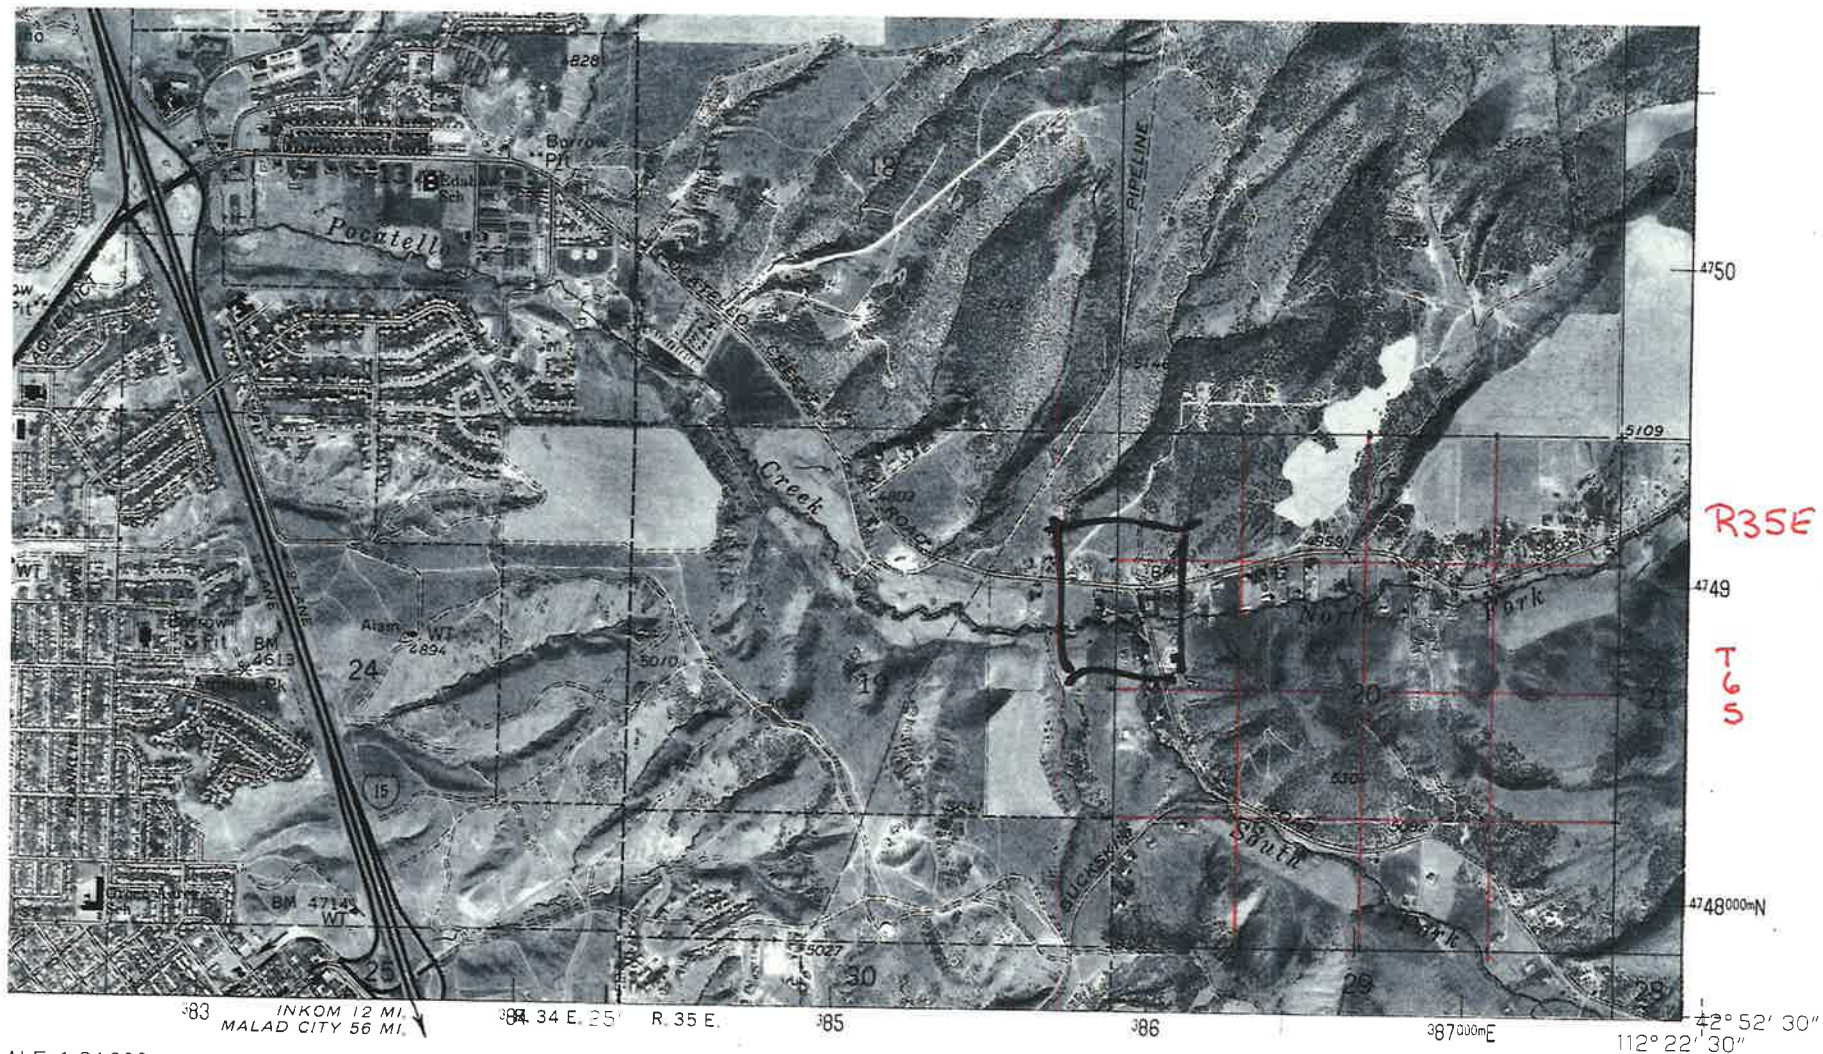

In addition, based on Dwaine Anderson's statement, groundwater right should be split giving John Hurley a portion of the ground water claim.

29-13137 and 29-13136

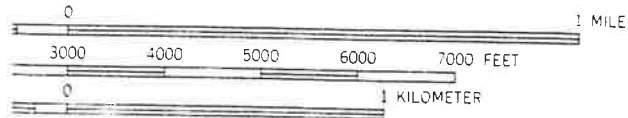

Original claim 29-00443H (filed in 1990) split when Packer sold a portion of the property to Hurley in 2000. In conversation with Tammy Packer during field exam on 10-2-01, she said the Pocatello Creek water hasn't been used in the 9 years they have owned the property. She did say that there was a pump in place when they moved in 9 years ago and that Opals son would help her irrigate the place with Pocatello creek water. Tammy said that there was alfalfa growing when they moved in.

I called Dwaine Anderson (Brother of original claimant Opal Beck) on 10/25/01 to inquire of the last time the parcel was irrigated from Pocatello Creek. He said that they would sprinkle they place from time to time but didn't give me an exact date.

Based on the above information I don't believe forfeiture is an issue for my recommendation.
