RE: Domestic Use for three Homes

Dear Mr. Armstrong:

Issue 1:

Per our meeting on 6/12/01, I have split claim 29-04265 into two new claims (29-13199 & 29-13200). This is the claim that originally claimed the point of diversion being from the well drilled around 1961.

29-13199 represents the part of the original claim concerning irrigation of 12 acres claimed in Sect. 28, SWSE. 29-13200 represents the domestic use for three homes. I felt it was necessary to make two separate claims since the irrigation use and domestic use are supplied from two separate wells.

Also from our conversation you mentioned that due to the fact that the domestic well (1961 well) services your son and daughters home in addition to yours, they should be added as co-claimants.

I am enclosing a copy of the domestic claim. Under item 1, please fill in the mailing information for your son and daughter (or whoever the additional claimants will be). Under item 5 please fill in the parcel numbers of the three homes that are serviced by the domestic well. Lastly, look over the claim and initial any changes you wish to make. When it looks good to you, please have all claimants sign in front of a notary and return the signed claim to me as soon as possible.

Issue 2:

A flow measurement needs to be take from the well drilled around 1954 that feeds into the pond and services two homes for domestic use (29-04264). I wanted to make it aware to you that a contractor representing IDWR will be contacting you this summer to make an appointment for measurement.

I apologize for the inconvenience, however I am encouraged that we are getting the necessary details worked out. Please feel free to contact me if you have any questions.

Respectfully submitted,

Craig L. Saxton
