To whom this may concern.

In 1945 I helped a Meril Blyum unload
a water pump and helped put it over a fence
by a spring just below Jack Peterson's
home above Lava Hot Springs. I remember this
because it staked in mud with my new
pair of Cowlog boots. It was the same year
that Orren Branner got out of the army, and I
was dealing with him on a Ford army jeep.
also Blyum had a bad leg. Jack was not
home but his mother was. I don't remember
the day or month.

RE: Account Information At 11500 E Hadley Canyon Rd., Lava Hot Springs, Idaho 83246

Mr. Peterson,

You have requested a copy of a record which would reflect the first date of connection to power at the above referenced location. Please note the enclosed information reflects an original "ordered on" date of 1-12-1946 by Steve James. (Tekla James) I do not have a copy of any record prior to that date in the Lava office.

The account number at this location has changed through the years with upgrades to Utah Power billing systems. However, the site address is the same as referenced above for the copies of the documents enclosed with this letter.

Sincerely,

A handwritten signature in dark ink, appearing to read "Sherril Tillotson". The signature is fluid and cursive, written over a horizontal line.

Sherril Tillotson
Estimator

The image is an aerial photograph overlaid with a grid of red and blue lines. A large blue rectangle with a red border is positioned in the upper center. Several colored callout boxes with leader lines point to specific features on the map. A yellow dot marks a spring location. A blue line outlines a parcel. The bottom right corner shows a grid of numbers.
