RE: Notice of Claim A29-02342C

Dear Mr. and Mrs. Hull:

The Department has changed the identification number for the Notice of Claim A29-02342C. The new number is A29-13229.

A copy of the Notice of Claim is enclosed for your records.

Respectfully submitted,

Cheri Vandermeulen

Enclosure: 1

Memorandum

Date: August 23, 2001

From: Craig L. Saxton

Subject: 29-13229

Renumbered: 29-13229 was originally claimed as 29-02342C. However, the claimed POU didn't fall in the licensed POU for 29-02342.

The licensing exam done on July 13, 1956 showed that the claimed place of use was irrigated, however it was not licensed. The examiner noted in a letter on August 2, 1956, "If you wish the water appurtenant to all the farm it will be necessary to make a transfer as to include it."

Field exam on 7/31/01 I saw the historical risers that were used to irrigate the claimed POU.

Based on the 1956 licensing exam, evidence of historical risers, and seeing current irrigation of the field, I am recommending this right.

However, the current POD was put in place in 1988. My recommendation is for the historical POD/well. A transfer will need to be filed to correct this.

Memorandum

Date: 7/26/01

From: Craig L. Saxton

Subject: SRBA Claim 29-02342C

This claim is not part of the original licensed place of use.

July 15, 1956 field exam for 29-02342 indicates irrigation in the SENW of section 23, but wasn't licensed. August 2, 1956: Letter from Mark Kulp, State Reclamation Engineer states, *"If you wish the water appurtenant to all the farm it will be necessary to make a transfer so as to include it."*

Statement from neighbor E. J. Larsen says that land owned by Larry Porter wasn't and hasn't been irrigated since Mr. Larsen moved to the subdivision in 1984. In personal conversation with Mr. Larsen he added that none of the area that was subdivided in 1981 was irrigated from a well.

Well logs for the land show two domestic wells. One drilled by original owner Craig Southworth in 1988 and one drilled by current owner Carl Hull 2001.

NAPP photography don't show irrigation of the land in 1987.

Conclusion:

Any irrigation water right that might have existed at time of licensing exam done in July 15, 1956 has been lost from non-use from 1984 to 2001.

Recommend disallowed.

Idaho Falls, Idaho 83402

Dear Harold,

My name is E. J. Larsen and I reside at 5758 W. Old Hwy 91, Pocatello, Idaho 83204. Attached is my water right claim of 1953.

I am writing this letter to express my objection to a water right claim and the claimant's use of irrigation water out of a culinary well by Larry Porter, 5794 W. Ski View Drive, Pocatello, Idaho 83204.

Larry Porter bought 15 acres in 1996 and moved a home on it. These 15 acres have never had irrigation water on them since I moved here in 1984 and it had been dry for several years prior to that. Mr. Porter drilled a 150-foot well with a 5-horse pump in 1996 as a culinary well and irrigates his 15 acres out of the same well. I was told that there was a moratorium on "new" irrigation wells imposed May of 1992 until the Snake River Adjudication was settled.

First, I object to his claim of a water right from my 1953 well; second, I object to his irrigation of 15 acres out of his culinary well, despite the moratorium imposed. His increased use of illegal water has drastically affected my own culinary well, to the point of drilling a new well. Last year we ran out of water and had to extend my pipe to the bottom of my well 10 feet deeper. Several of my neighbors in the area are in the same boat, as I am sure you are aware.

I seek to have Mr. Porter forfeit his irrigation right to my well and to stop irrigating immediately, and further protest his transfer of water rights from my property, my well, to his "new" well. Prior to his 1996 building permit, Larry Porter's property had been dry for 12 years, to my knowledge, and maybe longer. I refer to the forfeiture of a water right after 5 years of non-use. His re-establishing a water right is invalid and wrong. I further attest that Mr. Porter has no recorded irrigation water right or adjudication claim.

Please take into consideration this letter and note my complaint. What this man is doing is not legal. We can't waste water for personal greed. Please advise me in this matter. Thank you.

Sincerely,

E. J. Larsen

Re: Permit No. G-24591

Mr. Earl J. King
Route # 1 South
Pocatello, Idaho

Dear Mr. King:

Inspection in connection with your Permit No. G-24591 showed the well to be in the SW $\frac{1}{4}$ instead of the NW $\frac{1}{4}$ Section 23, Township 7 South, Range 35 East, B.M., as described in the original Permit.

Enclosed find regular form for amendment. As soon as same is properly executed and returned to this office along with the \$5.00 fee for Certificate of Completion of Work, and \$4.00 License fee, same will be issued and sent you, in the amount of .88 second foot.

I wish to call attention to the fact that the license is only for the two forties on the west (SW $\frac{1}{4}$ and NW $\frac{1}{4}$). If you wish the water appurtenant to all the farms it will be necessary to make a transfer so as to include it. Also enclosed is blank for same.

Very truly yours,

While reviewing a request for a change of ownership for A29-02342C, I checked into the split history of the right.

WR Side: 29-02342 not split

AJ Side: Portions A and C list a POU that wasn't included in the parent right. There doesn't seem to be any transfers associated with these rights either. In addition, the sum of splits A thru D does not match the parent right in Diversion Rate or Acreage. Split history included with this memo.

Note: I cannot find Microfilm for WR Right 29-02342. The history of when the POU changed quarters will need to be further investigated during the adjudication of Basin 29.
