RE: 29-00278B split by Notice in Change of Water Right Ownership

Dear Mr. and Mrs. Kemp,

I have completed processing your request to change the ownership of water right 29-00278B. This request resulted in splitting 29-00278B into two portions. The result of the split are as follows:

29-00278B: 0.52 CFS, 26 AC, FOWLER

29-13240: 0.22 CFS, 11 AC, KEMP

29-13241: 0.30 CFS, 15 AC, LARRY KEMP FAMILY LIMITED PARTNERSHIP

SUM OF SPLITS = PARENT RIGHT

Note that the split was made according to the proportionate amount of irrigated land for each parcel. The irrigated land was defined in 1996 by approval of Transfer 4681 and 1987 NAPP photography. See enclosed map.

In addition, my recommendation of the elements of the water right to the Snake River Basin Adjudication court will reflect those elements as defined in Transfer 4681. So, I plan to make my recommendation almost exactly as defined in claims 29-13240 and 29-13241.

In addition, I spoke with Randall Fowler on an unrelated matter. In our conversation he said that he is maintaining his point of diversion. If you are going to add your own point of diversion, you will need to file a transfer to change the point of diversion associated with this right. Enclosed is a transfer application for your convenience.

Please feel free to contact me at 525-7161 if you have any questions.

Respectfully submitted,
