RE: EVIDENCE OF PRIORITY - Snake River Basin Claim No(s): A63-4958

Dear SCHMIDT PROPERTIES, LLC:

In the past, JACK A AND L MURIEL GIVENS submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. You may be the owner of a portion of this water right claim. Enclosed is a computer generated printout of the claim(s) for your reference. JACK A AND L MURIEL GIVENS indicated, when this claim was filed, that the water right(s) was based on a "Statutory Claim" to the use of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you by March 27, 2006, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. Additionally, because a water right is a property right, Idaho statutes require that a new owner of a water right change the ownership within 120 days of the property transaction. A change of ownership form and instructions are included for your convenience.

The required evidence supporting the priority date(s) requested needs to be submitted. Please call me as soon as possible if you think you may own a portion of this claim, to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

Respectfully Submitted,

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Water Works, Inc., to assist us with this task.

The purpose of this letter is to advise you that Water Works, Inc. might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Water Works, Inc. with access to your water diversion system so that their personnel can conduct this field examination. Water Works, Inc. will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. ~~Experience has shown that water users who~~ work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Water Works, Inc. to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte
