Julie Perkins

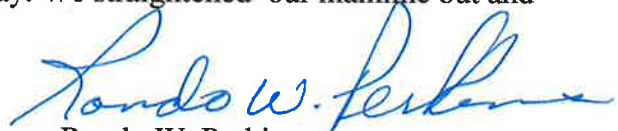

Route 1 Box 1360
Bancroft, ID 83217

We started using the seepage through the Chesterfield Reservoir and the drain water from the swamp below the reservoir in June of 1967.

We had a portable pump in the old portneuf river channel just south of Kelly Toponce Road east of Joel Simon's . we used a portable mainline that ran east and west south of Kelly Toponce Road.

In 1970 we dug a drain east to the old cabin and installed a 75 horse power turbine pump put in a steel mainline to the land west of the pump and east across the canal . The water could be pumped any where on the ranch and on the north east 60 acres of C.V. Cattle Co.

In 1975 we moved the pump where it is today. We straightened our mainline out and made a better system out of it.

Rondo W. Perkins

*Drain will produce 150 inches
when reservoir is full.*
